## Sage Meets

On Saturday, January 24, 1998, the United Tribes Technical College and Theodore Jamerson members of the Howard Hughes Science workshop project (SAGE) hosted a collaborative meeting with the Standing Rock 4-6 grade teachers and the Sitting Bull College site coordinator. SAGE (Science: A Great Adventure) is continuing to strengthen the science curriculum for grades 4-6 in North Dakota schools with high American Indian enrollment. The project continues to have two basic components: teacher enhancement and culturally relevant science curriculum development. Both of these components are designed to involve collaboration of resources locally and across the state.

Theodore Jamerson teachers, Sheri Okland and Terry Moericke, shared information and successes regarding ongoing science activities and projects in their classrooms. Standing Rock grades 4-6 teachers also contributed information as to the many activities and projects that have been happening in their classrooms. Currently the big push is to get the students involved in projects for the local science fair and then the North Dakota State Science Fair.

Others in attendance were Dr. Mark Guy, University of North Dakota SAGE project coordinator; Dr. Guy McDonald, Standing Rock HPRSI coordinator; Kathy Froelich, Sitting Bull SAGE site coordinator; and Carol Anderson, UTTC SAGE site coordinator. The next collaborative meeting is planned for May 9, 1998.

## Chemical Health Center An open letter to my family

I am an alcoholic. I need help.

Don't allow me to lie to you and accept it for the truth, for in so doing, you encourage me to lie. The truth may be painful but get at it.

Don't let me outsmart you. This only teaches me to avoid responsibility and to lose respect for you at the same time.

Don't let me exploit you or take advantage of you. In so doing, you become an accomplice to my evasion of responsibility.

Don't lecture me, moralize, scold, praise, blame, or argue when I'm drunk or sober. And don't pour out my liquor; you may feel better, but the situation will be worse.

Don't accept my promises. This is just my method of postponing pain. And don't keep switching agreements. If an agreement is made, stick to it.

Don't lose your temper with me. It will destroy you and any possibility of helping me.

Don't cover up or abort the consequences of my drinking. It reduces the crisis but perpetuates the illness.

Above all, don't run away from reality as I do. Alcoholism, my illness, gets worse as my drinking continues. Start now to learn, to understand, and to plan for my recovery. I need help from a doctor, counselor, or a psychologist, a recovering alcoholic, or from God. I cannot help myself.

I hate myself, but I love you. To do nothing is the worst choice you can make for us.

Please help me, Your Alcoholic

## Update on the Lady Thunderbirds

Since Christmas break the Lady Thunderbirds played three city league games. The Ladies play in the upper division. The competition is tough, but it's helped make us a better team. Two of the three games were close, but we lost all three. We also had a good game with the students in January.

On January 11, we traveled to MSU-Bottineau. The MSU team put on a full court press and took an early lead and we never did get back in the game. On January 27, we played Trinity Bible and avenged a December loss at Ellendale. Lisa Yellow Horse had 15 points, Deanna Roberts - 14, Kayla Looking Back - 13, and Nicole Arellano - 12. Michelle Provencial had 7 pts. and 8 rebounds, Lisa Yellow Horse, Norma Two Bulls and Reida White Shield had seven rebounds each. Kim Lambert was away for a family funeral.

It was nice to see the support at the Ellendale game. The Ladies play Bottineau on Monday, February 2 at 5:30 pm. I hope you'll come out and support the Lady Thunderbirds. They'll appreciate it. They put their heart and soul into the game. Go Lady Thunderbirds!!!
