## *Mr. and Ms. AIHEC Nominations for United Tribes Technical College*

Two student's from United Tribes Technical College has been nominated to be our student representatives in the American Indian Higher Education Consortium Seventeenth Annual Conference on Indian Education for Mr. and Ms. AIHEC.

**CONGRADULATIONS AND GOOD LUCK!**

Mr. Rodney LaVallie, has been nominated for the honor to be our representative for United Tribes Technical College. Rodney is a real role model for everyone. Rodney has been a Criminal Justice student since Jan. 97 and prior to this attended Central Indian Bible College. Rodney is an ordained minister and is looking forward to combining this background with a law enforcement career. Rodney is not only an excellent student, cumulative GPA is 3.49, but he has also assisted many students, his family, and his church work, Rodney is currently serving an internship with the ND Probation and Parole Dept. and working with inmates in the ND State Pen as part of his job responsibilities, he remains loyal and dedicated to them all. He is truly an inspiration and a great role model. Good Luck Rodney!

Ms. Lucky White Eyes, has been nominated for the honor to be our representative for United Tribes Technical College for Ms. AIHEC. Lucy is a first year, full time student enrolled in the Licensed Practical Nursing Program at United Tribes Technical College. Lucy has shown her outstanding academic abilities by maintaining a GPA of 3.56. Lucy is well versed in her tribal traditions. She has dance in the Powwow circuit as a fancy dancer in her younger years. She has now switched to a Jingle Dress dancer. She has been a champion throughout the United States and Canada. She has also been honored as a woman head dancer for many different Powwows. Lucy is a role model and a asset to United Tribes Technical College. Good Luck Lucy.

## Thanks to all Who Helped

In her exit report, Dr. Bonnie Selzler from the North Dakota Board of Nursing had a number of positive comments about the UTTC nursing program. She had observed students in the clinical areas and in the classrooms. In visiting with students and also with faculty and members of administration, Dr. Selzler found the students nicely verbal about their experiences in the entire program.

A follow-up study regarding graduates of 1995, 1996, and 1997 also revealed that the graduates were happy about the UTTC nursing program. Their employers were likewise complimentary concerning the grades. Such nice comments come as a result of the work of many people both on campus and in the clinical agencies.

To all of you we say THANKS and GOD BLESS you for you MANY HELPS in our SUCCESSES.

Submitted by Sister Kathryn Zimmer,  
Director AASPN Program

## Parents of Infants and Toddlers..

Do you need a crib? We have lots of cribs to give away! Contact Leah Woodke, CDC Director or Bud Anderson, Maintenance Director if you would like one. They are standard sized wooden cribs with mattresses. First come, first serve so hurry on in. Any left after Friday will be donated to Resource and Referral or another worthy organization.

## Chemical Health Center

The Chemical Health Center staff went for training on Breaking Family-to-Family Substance Abuse Cycles at Denver, CO, last week.

This conference was presented by: Vicente de la Garza, Apache, M.A., M.P.H. Mr. Garza talents as a trainer, epidemiologist (medical scientist), Indian education material specialist, have led him to apply these skills to look for alcoholism's causative factors in a scientific way.

Larry Tsosi, Navajo, M.A. Mr. Tsosi, retired principal, teacher, BIA school, dormitory director, tells of his experience and teaches us new views to give us hope on educating our children.

This training for the Chemical Health Center was very informative. We learned new skills and other ways to help with drug and alcohol problems within the family system.

The training of High Risk Intervention for children and teens helped educate the staff with skills in identifying children and substance abusing families, without endangering them, provide a supportive learning environment to improve their academic achievement by doing this, help save the child from also becoming a substance abuser.

This same training program will be presented in Rapid City, South Dakota on Apr: 20, 21, 22, 1998. This program would be very informative to all staff at UTTC and other parents and School Board members who want to do something to save our children from drugs and alcohol.

Prevention - that is where our future is at!

For more information call the Chemical Health Center at ext. 272.

## Student Health Center Notes:

- Congratulations to the Thunderbirds for a job well done at the NJC basketball tournament. You made us all good!
- Ft. Yates Public Health will be providing mammograms and gynecological exams on Monday, April 20th. Clients are asked to check in as you would for Walk-in Clinic. If you are interested in going down, please contact the Student Health Center.  
Mammograms are recommended as follows: Beginning at age 40, Every one to two years age 40-49, Every year from age 50.  
Mammography is a procedure used to detect breast cancer. Often, mammography can detect breast cancer as much as two years before a lump is felt. One out of nine women in the United States will develop breast cancer during her life! Survival rates are significantly higher when breast cancer is detected early...as mammography can do! Breast Cancer is one of the leading causes of death in women ages 34-54!
- Students who have not submitted medical bills to the Student Health Center must do so at once so the bills can be paid. If a student receives a bill at his/her home address, the Student Health Center does not receive one.
- Student Health Center Office Hours: Monday-Friday 8:00 am to 4:00 pm, Saturday & Sunday 8:00 am to Noon (except holidays)
- Weekly transportation is provided to those students who have dental or medical appointments at Ft. Yates PHS. If you are in need of a ride or need to schedule an appointment, see the Student Health Center nursing staff.
