Welcome Back

The United Tribes Support Services Staff would like to welcome all new and returning staff and students to campus. We hope you will enjoy improvements that were made and we apologize for the inconvenience of other projects currently underway. These improvements are being made for your benefit.

The Support Services Department is sometimes easily confused with the Student Support Services Department. Though our goals are similar, our services differ greatly. Our Services include: Security; Cafeteria; Mailroom/Property & Supply; Maintenance; Housing and Transportation. You are encouraged to become familiar with these services as you may become dependent upon them at some point during your stay.

Please keep in mind that we are a very small staff with many responsibilities. Though we are not always able to accommodate your request immediately, it will be fulfilled. If you are not familiar with our procedures or the services we provide please contact the Supervisor of the Office you are inquiring about.

The United Tribes Campus will be either your home or workplace for the next academic year. Please pitch in whenever you can and help keep it clean and looking nice.

Should you have any questions please give us a call at ext. #314.

PLACEMENT Office NEWSLETTER AD August 31, 1998

The United Tribes Technical College (UTTC) Placement Office takes pleasure in welcoming all new and returning students.

The purpose of our placement office is to help students plan their careers; keep records; do job development for the areas of Cooperative Education and Student Graduation. We provide higher education and career information, and help students inquire about various opportunities.

The Placement Office is located on the main floor of the Education Building 31 & 32. On the main floor you will find the placement offices in rooms 120 & 122. Shirley Iron Road is in room 120 and at extension 226 and I am in room 122 at extension 280.

In one wing of the building you will find job announcements in colored binders pertaining to all the vocations. These job announcements are from Indian programs, federal agencies, job services and the private sector, they are updated daily.

In another wing there is a rack containing higher education material along with journals, magazines and newspapers on career planning. We have about three bulletin boards in these areas. Two are placement bulletin boards that are used for local job announcements, national job announcements, internships, apprenticeships, fellowships and the like. Sometimes job announcements are posted in their corresponding areas.

We have a new program in our computers called "Career Choices". This soft-ware helps vocational students explore Career and Higher Education opportunities throughout the nation. It is updated once a year beginning in the fall. Students are able to access this program in the placement office and throughout campus. Please make a appointment.

Placement news and job announcements will be provided in UTTC's Weekly Newsletter at least once a month.

New students who were not at orientation are required to come into the placement office to fill out data base forms, Cooperative Education Enrollment forms and to receive placement information essential to your future.

If you are a new student, you are **not** eligible for cooperative education until your third semester. **However**, if you are a new student and are working in a job that pertains to your vocation, you will be able to **BANK** hours that are earned in your first and second semester. They will then become active in your third semester. Come and see me for more info on co-op and banking hours.

Students who are doing work-study may also participate in the Cooperative Education program. They must be working in a position that pertains to their vocation and meet all eligibility requirements. You probably want to check with Bob Parisien first so we can meet on the matter and discuss credit hours.

Remember that you need work experience before you graduate to make your diploma more valuable. **COOPERATIVE EDUCATION** is a program designed to get the college student out into the work force before they graduate. Students who have work experience added to their degrees will be hired by employers over students who do not. A certificate and or associate degree isn't enough these days. The employers are looking for **dependable, reliable people with education and WORK-EXPERIENCE**. Your Cooperative Education experience will make the difference in finding the job you want after graduation.

Returning students need to come in to update their data base cards and to see if they are eligible for Cooperative Education internships. Faculty please provide our office with a list of late students, it would be a great help.

December 1998 graduates are required to have three interviews with the placement counselor or the placement Technician this semester. One to update your data; another to review your resume and federal application forms 171 and 612; and the third to fill out your exiting form. December Graduates who do not submit these forms by the deadline set for December **will not Graduate**.

Please feel free to stop in and visit, your future is important to us.

Thank You.

Vince Schanandore, Placement Counselor

From Kevin Finley, UTTC
A.D./Men's Basketball Coach
Date August 27, 1998

Dear Instructors,

I hope you all had a good summer and are ready for another school year. My summer was too short but were already moving so as we get going here is a list of who will try out for the men's basketball team.

Bennett Yellow Bird JR	Lyle Uses Arrow
Shawn King	George Dreamer
Alan Spoonhunter	Shane Brugier
Randy Holthusen	Troy Blount
Percy Lussier	Louis Weston
Chev Hackett	Joe Red Willow
Richard McCormick	Juan White Eagle
Robbie Ganje	Rolland No Heart
Dugan Traversie	Tilmer Everett
Hugh Traversie	Leonard Hodgkiss
Delshay Webster	Justin Lebeau
Melichi Four Bear	Jay Bearstail
Felix Young Bird	Mario Small

Returners who will try out for the team:

Erik Abbey	Joe Howe
Lee Logg	Galen Eberhard
Jon Derby	Lonnie White Eyes
Robert Webster	Aron Abbey

Just as in the past the player's academics and time and attendance will play a vital role in selection of this year's team, we held a meeting on 8-27-98 at 4:00 PM and all were advised that we would continue to monitor them in the classroom, I have already had a couple of calls on some of the players and they are well aware that this will lead to them not making the team as academics and behavior are the keys to our program. I look forward to another academic year in working with you to better our student's academic success. Thank you.

Sincerely,

Kevin Finley

INDIAN BROTHERHOOD

THE TWELVE STEPS TOWARD SOBRIETY

1. I admit that because of my dependence on alcohol that I have been unable to care for myself and my family.
2. I believe now that a greater spirit can help me regain my responsibilities and model the life of my forefathers.
3. I rely totally on the ability of the Great Spirit to watch over me.
4. I strive every day to get to know myself and my position within the nature of things.
5. I admit to the Great Spirit and to my Indian brothers and sisters the weaknesses of my life.
6. I pray daily to the Great Spirit to help me.
7. I pray daily to the Great Spirit to help me correct my weaknesses.
8. I make an effort to remember all those that I have caused harm to and with the help of the Great Spirit achieve the strength to try to make amends.
9. I do make amends to all those Indian brothers and sisters that I have caused harm to whenever possible through the guidance of the Great Spirit.
10. I do admit when I have done wrong to myself, those around me and the Great Spirit.
11. I seek through Purification, Prayer, and Meditation to communicate with the Great Spirit as a child to a father in the Indian Way.
12. Having addressed these steps, I carry this Brotherhood and Steps of Sobriety to all of my Indian brothers and sisters with alcohol problems and together we share all these principles in all of our daily lives.
