T-Birds move to National Juco Finals

United Tribes Thunderbirds give a celebration victory sign after winning the Region 13 Championship 128-100 over Bismarck State College, February 28, 1999, as they look forward to a return trip to the national junior college basketball finals, scheduled at Danville, IL, March 18, 1999. The T-Birds, ranked 11th in the nation out of 195 small colleges, are part of the National Junior College Activities Association, region 13, district 11, and make the trek for the second season in a row. (UTTC-D. M. Gipp photo).

Not even home court advantage for most of the second half helped Bismarck State College in the Region 13 junior college men's basketball championship Sunday.

United Tribes built a 25-point lead before the game had to be moved out of the Thunderbirds' gym, and the

Thunderbirds coasted to a 128-100 victory over the Mystics.

With the win, United Tribes earned the right to play in the national junior college basketball tournament for the second straight year.

Kevin Finley, T-Bird Coach and Activities Director, was named the Region 13 Coach of the Year following the regional basketball championships. Finley, a graduate from United Tribes, was a Thunderbirds player in the mid-1980's under then Coach Dave Archambault. He went on to receive his four year degree at the University of Mary and is fulfilling his dream to teach and coach at UTTC. (UTTC photo by D. M. Gipp)

Alan Spoonhunter, (Blackfeet Tribe/Northern Arapaho, N Arapaho Agency, WY) was named Most Valuable Player 1999, Region 13, District 11, following the regional playoffs. Spoonhunter scored 29 points during the Championship game with the T-Birds registering 128-100 over the BSC's men. Bismarck State College had an extra chance to recover when the game was moved to the BSC armory after the floor became too slippery on the Thunderbird Court. Spoonhunter is a first year student in Early Childhood. (UTTC photo by D. M. Gipp)

Continued from front page.

Alan Spoonhunter scored 29 points and Percy Lussier added 21 points and 10 rebounds for the Thunderbirds, who improved to 25-6.

Jacob Brandt led the way for BSC with 23 points, but the Mystics still fell to 14-17.

With 13:54 left in the second half and United Tribes comfortably ahead, the game was stopped due to moisture on the floor of the packed gym.

Both coaches and the officials felt that it was safer for the players to move the game to the BSC Armory.

After a delay of 45 minutes, the game resumed at BSC. But the outcome was a foregone conclusion based on what happened in the first 26 minutes at United Tribes.

The Thunderbirds shot 65 percent from the field, hitting 30 of 46 shots, to take an 83-58 lead to the visitors' home floor.

Going strictly by the numbers, two things doomed the Mystics: United Tribes' 64 percent effort from the field and BSC's 31 turnovers.

"They just shot the ball," BSC coach Buster Gilliss said. "I haven't ever seen a team shoot like that. It was one of those nights."

It was a night on which the Thunderbirds connected on 13 3-pointers, including four each by guards Spoonhunter and Richard McCormick.

With 16 points, McCormick joined fellow starters Spoonhunter, Lussier, Randy Holthusen (17) and Lee

Logg (17) and reserve Troy Blount (11) in double figures.

"Rich was the key tonight," said United Tribes assistant coach Rusty Gillette. "He was hitting his shots and just making things happen."

That's one reason why the Thunderbirds are 3-0 against BSC this season. Only this time, they had help. Mystic throwaways and missed layups led to a 14-point deficit just seven minutes into the game. They went four minutes without a point at one stretch.

BSC seemed to turn things around right before half, and opened the second half, with points on five straight possessions. That cut the lead from 20 to 14 with 17:52 to play, but things began slipping away from there.

The lead was 28 when players began falling every trip down the floor. Finally, the officials stopped the game for a lengthy discussion. Soon came the announcement to move and give everybody 45 minutes to get to the Armory.

At home, the Mystics cut the lead to as little as 14. But they couldn't get any closer due to the Thunderbirds' success from the field.

"When we are clicking on all cylinders and finding the open man, we can play so well," Gillette said. "The thing about this game is we didn't shoot any better than any other game. That's the way we've been shooting all year."

Taken from The Bismarck Tribune, March 1, 1999.

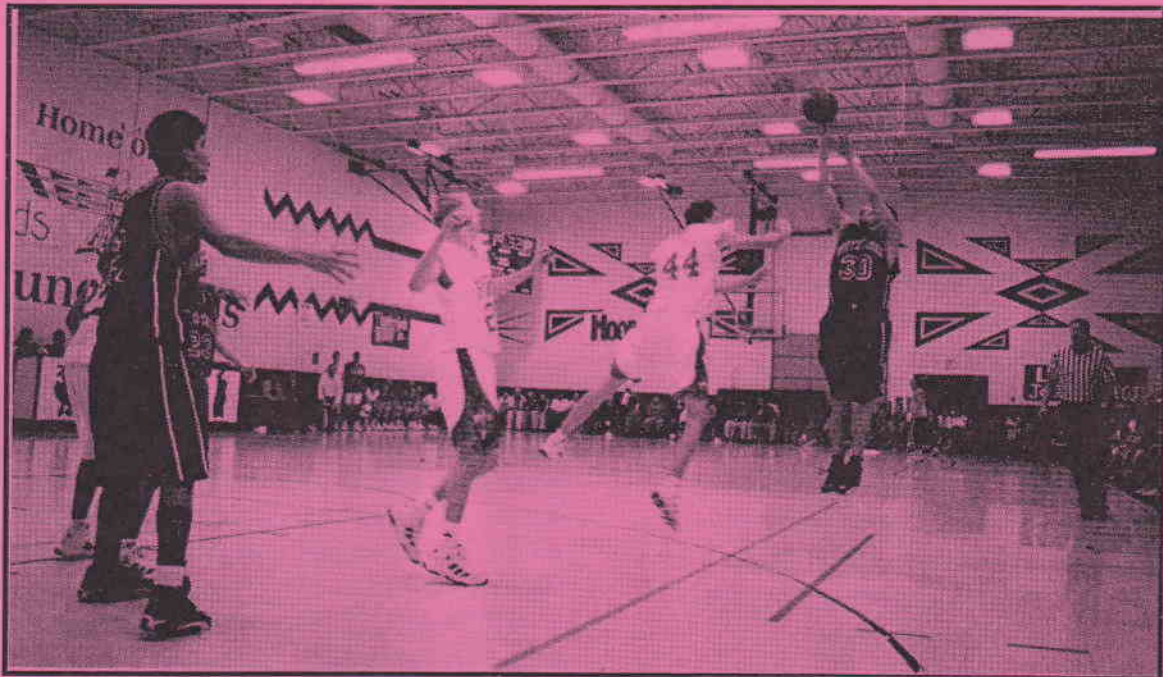

Cheers and more cheers was what the UTTC Thunderbirds fans gave to the winners during a packed hall - at the James Henry Hall and later at the Bismarck State College armory, where the game was moved due to slippery floors on the T-Bird home court. (UTTC photo by D. M. Gipp)

Lee Logg finishes putting another two-pointer up under the bucket for the T-Birds as the BSC men's Mystics look on with Alan Spoonhunter (UTTC photo by D. M. Gipp)

Its off to the national junior college finals for the Thunderbirds for the second season in a row at Danville, IL., as they finish, ranked 11th in the nation, with 26 wins and 6 losses. Charles W. Murphy and Senator Daniel K. Inouye (D., HI) stand together February 24, 1999, following hearings on tribal funding for next year under the Department of Interior. Murphy, Chairman of the United Tribes Technical College board of directors and Standing Rock Sioux Tribe, met with Assistant Secretary Kevin Gover and his staff on assuring funding for the College and for tribal priorities in budget allocation. Expressions of Thanks in Order

As most of you know, a new College Catalog is in process. Thanks to all for your assistance in bringing this to completion, especially to Dean Derby, Bev Huber, Carol Manifold, Sherry Messmer, Ann Kraft, Joey McLeod, Wanda Swagger.

An expanded personnel section with pictures is a particular challenge. As soon as the present 1998-2000 catalog is printed we will begin preparation for the next edition of the catalog to avoid last minute rush activity in the future.

1999 Summer Internship Program

The State Historical Society of North Dakota is offering two summer internship in the field of public history and in the public service sector. Each intern will gain overall knowledge of public history field, as well as intensive work experience in a specialty area.

The State Historical Society of North Dakota, based in Bismarck, strives to identify, preserve, interpret and promote the heritage of North Dakota and its people. Several features make the Society the premier public history institution in North Dakota. The State Historical Society of North Dakota: 1. Operates the North Dakota Heritage Center, which is the state's largest museum and the only one in the state accredited by American Association of Museums; 2. Operates 56 historic sites and a regional museum; 3. Maintains a collection of nearly one million two and three-dimensional objects; 4. Serves more than 250,000 people annually from around the world.

All applicants for any of the internships should demonstrate the following: general knowledge of humanities and/or public history, organizational skills, strong communication skills, the ability to manage priorities, and the ability to work independently, and with a variety of people. Interns wishing to receive course credit are responsible for coordinating credit requirements with their faculty advisor and with the State Historical Society of ND program coordinator. No stipends unless noted otherwise, SHSND internships are unpaid.

Interested students should submit application materials no later than March 31, 1999. Interviews and selections will be completed by April 15, 1999. Applicants should send a resume, cover letter, transcript(s), one letter of reference from an academic advisor, and where required, a writing sample, to the following:

A Very Sad Story

THIS IS SO SAD

Here is something to think about. This is worth printing and giving to your kids. It might make them think the next time they are out.

Moonlight Ride Author unknown

Jenny was so happy about the house they had found. For once in her life 'twas on the right side of town. She unpacked her things with such great ease. As she watched her new curtains blow in the breeze.

How wonderful it was to have her own room. School would be starting, she'd have friends over soon. There'd be sleep-overs, and parties; she was so happy. It's just the way she wanted her life to be.

On the first day of school, everything went great. She made new friends and even got a date! She thought, "I want to be popular and I'm going to be, because I just got a date with the star of the team!"

To be known in this school you had to have a clout, And dating this guy would sure help her out. There was only one problem stopping her fate. Her parents had said she was too young to date. "Well, I just won't tell them the entire truth. They won't know the difference; what's there to lose?" Jenny asked to stay with her friends that night. Her parents frowned but said, "All right." Excited, she got ready for the big event, but as she rushed around like she had no sense, She began to feel guilty about all the lies, But what's a pizza, a party, and a moonlight ride?

Well the pizza was good, and the party was great, But the moonlight ride would have to wait. For Jeff was half drunk by this time. But he kissed her and said that he was just fine.

Then the room filled with smoke and Jeff took a puff. Jenny couldn't believe he was smoking that stuff. Now Jeff was ready to ride to the point, but only after he'd smoked another joint.

They jumped in the car for the moonlight ride, Not thinking that he was too drunk to drive. They finally made it to the point at last, And Jeff started trying to make a pass. A pass is not what Jenny wanted at all (and by a pass, I don't mean playing football). "Perhaps my parents were right...maybe I am too young. Boy, how could I ever, ever be so dumb."

With all of her might, she pushed Jeff away: "Please take me home, I don't want to stay." Jeff cranked up the engine and floored the gas. In a matter of seconds they were going too fast. As Jeff drove on in a fit of wild anger, Jenny knew that her life was in danger. She begged and pleaded for him to slow down, But he just got faster as they neared the town.

Continued on page 8.

Continued from page 7.

"Just let me get home! I'll confess that I lied. I really went out for a moonlight ride." Then all of sudden, she saw a big flash. "Oh God, Please help us! We're going to crash!"

She doesn't remember the force of impact. Just that everything all of a sudden went black. She felt someone remove her from the twisted rubble, And heard, "Call an ambulance! These kids are in trouble!"

Voices she heard...a few words at best, But she knew there were two cars involved in the wreck. Then wondered to herself if Jeff was all right, And if the people in the other car were alive.

She awoke in the hospital to faces so sad. "You've been in a wreck and it looks pretty bad." These voices echoed inside her head, As they gently told her that Jeff was dead.

They said "Jenny, we've done all we can do. But it looks as if we'll lose you too." "But the people in the other car!?" Jenny cried. "We're sorry, Jenny, they also died."

Jenny prayed, "God, forgive me for what I've done, I only wanted to have just one night of fun." "Tell those people's family, I've made their lives dim, And wish I could return their families to them."

"Tell Mom and Dad I'm sorry I lied, And that it's my fault so many have died. Oh, nurse, won't you please tell them that for me?" The nurse just stood there ` she never agreed.

But took Jenny's hand with tears in her eyes, And a few moments later Jenny died. A man asked the nurse, "Why didn't you do your best, To bid that girl her one last request?"

She looked at the man with eyes oh sad. "Because the people in the other car were her mom and dad."

This story is sad and unpleasant but true, So young people take heed, it could have been you.

Lady Thunderbirds February Update

February was another very busy month for the Lady's. On February 5th, 6 players and myself traveled to Otterburne, Manitoba, Canada to play in the Can-AM invitational, sponsored by Providence College. In the first game we won over Providence 53 to 31. Shelly Alden led with 18, followed by Norma Two Bulls 15, Leah Fasthorse 13, and LaDeana Roberts with 7.

This was our first win since January 12 after losing 9 straight, so it was a sweet victory and a much needed win. We met Pillsbury Bible College from Owatonna, Minnesota in the championship game. The week before I watched Pillsbury play out at Mary College, so I knew a little bit about the team. At half Pillsbury led by one point 18 to 17, with the game being close all the first half. We were down about 10 points with four minutes remaining when LaDeana started full court pressing Pillsbury's point guard. That seemed to disrupt their offense, so Shelly joined LaDeana in the full court pressure. We got up 2 points with under a minute remaining, but Pillsbury answered with a 3 pointer. With under nine seconds left and down 1 point I took a time out and set up a play. We inbounded the ball at half court, the play I called wasn't there. Shelly Alden received the ball and spotted Norma Two Bulls alone under our basket. Norma caught the ball and took it to the hoop for the winning basket. Norma was playing with a sprained ankle, without Norma in we would have had 4 players because Brenda had fouled out with six minutes

Continued on page 9.

Continued from page 8.

left. The Lady's took first place and received a nice plaque. The ride home was short with all the excitement on the bus. Shelly Alden and Leah Fasthorse were named to the all-tournament team.

On February 12th we hosted Valley City JV. The Lady's lost the game 105 to 83, but the 83 points was our highest offense outing, vs JV teams. They found out how much fun it is to win in Canada, and are hungry for more. Shelly Alden led all players with 25 points. LaDeana Roberts added 17 and Darla Camas had 16.

On February 18 we hosted BSC. We played tough but lost 80 to 70. Nicole Arellano had 22, LaDeana Roberts 14, and Darla Camas had 12. We shot below our average for three throws making only 13 of 37 for 35 %, which hurts in a close game.

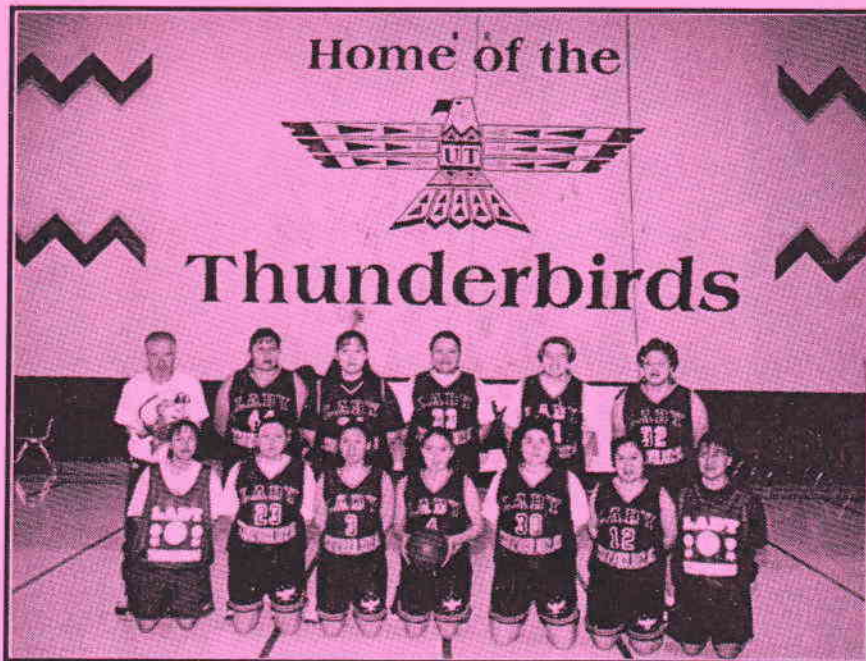

In the first game of the Thunderbirds Classic we beat Providence College 88 to 49. Geri

Whiteman scored 20 followed by Arbana Low Dog 15, LaDeana Roberts 12, Darla Camas 12 and Nicole Arellano 11, with the win our record to date is 5 & 20.

The last game of the Thunderbird Classic we hosted Wahpeton. Wahpeton won the match 89 to 39. LaDeana led the Lady's with 11. The tough Wahpeton one on one defense, speed, and height took us out of our offense. The Lady's never give up, and played a tough 2-3 defense.

I have been talking to managers of the City League teams to get some games for March, so we can stay busy to prepare for AIHEC the last week in March, times and dates to come. Come out and support the Lady Thunderbirds at AIHEC, they'll appreciate it. GO LADY THUNDERBIRDS

Dear Mr. Balakrisnan:

I am writing to let you know about internship opportunities with the U.S. Environmental Protection Agency (EPA) Region VIII's Environmental Justice Program. EPA's Office of Environmental Justice in Washington, D.C., has made funds available to support each regional office of the EPA with two interns in 1999, for a total of 20 positions nationwide. The Environmental Careers Organization (ECO) is brokering the selection and hiring of EPA's EJ interns.

The terms of the appointments are flexible and negotiable with the following exceptions: The project must be completed by September 10, 1999, a maximum amount of \$500 is available for relocation assistance, a maximum amount of \$4,800 (\$400 per week) is available for stipend, and project work must have a strong focus on environmental justice.

Please encourage interested students to visit the web site below, maintained by ECO, on or shortly after March 1, 1999, to learn more about the project descriptions. If any of your students are interested in pursuing an internship with EPA, please ask them to follow the instructions described by ECO. Also, note that other EPA regional offices will also be advertising for EJ interns through ECO.

The ECO office, which works with Region VIII, may be reached at the following address:

Background

Outcomes

Background

The Washington Interns for Native Students (WINS) program was founded in 1993 as a means of providing Native American students with internships in various government agencies. Implemented through American University, the WINS program provides work site experience along with a six-credit course taught at American University. Participants in the program make valuable contacts while learning marketable skills that can be shared with their respective tribal communities.

Program Operations

Native American students are recruited into the program and then matched with a sponsor from one of various government agencies, including the U.S. Department of Housing and Urban Development, the National Institutes of Health, the U.S. Department of Agriculture, the National Indian Gaming Association, the U.S. Department of Interior and the U.S. Department of Health and Human Services. Four members of the WINS board of directors, composed of Native American professionals with key positions in Federal government and private

corporations, form a selection committee that chooses students for the program. Once selected for the WINS internship, students apply to Federal agencies that are commensurate with the student's interests, academic background and future career goals. Participants in WINS intern at their sponsoring agency for eight weeks while taking a class at American University titled "Washington Leadership Seminar in Tribal Issues and Native Studies." During this class, which is designed specifically for the WINS program, students discuss issues specifically related to Native American tribes, including: sovereignty, policy making, education, economic development and language and culture. Each sponsor funds the student's internship and expenses, including plane tickets, room and board, transportation and a weekly stipend.

Outcomes and Significant Accomplishments

Twenty-seven students were selected for and completed the WINS program in 1998. During the summers of 1997 and 1996, 25 and 15 students participated, respectively. Twenty-eight students successfully completed the summer of 1995 internship program and 32 students completed the program in 1994.
