## A Special Thanks for the 20 Years from the President

Thank You for the kind gathering of staff, faculty and students this past Thursday to commemorate my 20 consecutive years as President of United Tribes Technical College.

The successes we have had are due to the many committed individuals and the support of our tribes and other officials and organizations who believe in the United Tribes Service to Indian People and the tribes we serve.

The special "presentation by the Chemical Health Staff" of the feather, sweat grass, and sage was a great honor. Mr. Gillette and the staff are most appreciated.

It was especially nice for all of you to gather on such a short notice--something which was a surprise--at the cafeteria for the wonderful cake and gifts that day.

Pilamayelo, Thank You Again (and to all of you who organized the event on such short notice).

## Commendations & Congratulations for Diplomas from University of Mary

A note of commendations and congratulations go to some special people who earned their various degrees on May 3, 1997 from the University of Mary here in Bismarck.

Those are: Wanda Edmo, a United Tribes graduate, who earned her Bachelor of Science Degree in Business Administration; Wanda L. Belgarde who received the Masters in Education and is member of the faculty in Office Technology; and former teacher and director John H. Beheler who earned his Masters in Management. John is a past Art Expo director and faculty member, as well.

In addition, Shirley and Sandy Iron Road's daughter, Sandra Lynn Iron Road of Mandan, received her Bachelor of Science Degree in Business Administration and Computer Information Systems. Shirley and Sandy are both UTTC graduates and Shirley is a veteran member of the career development placement staff.

ALL THE BEST TO YOU -- From President Gipp, the Students, Faculty and Staff!

## A UTTC first, A 1997 Student Yearbook

Don't forget to buy the first, historic Student Yearbook to be published. It's quite a collection and a rendition of pictures and events of the 1996 - 1997 United Tribes academic year.

There's a good chance your student or staff picture is in this document. It was a wonderful idea from the students and the Yearbook Student Committee and Staff are to be commended for a project well done. Barb West was an excellent editor along with the work of the students, staff and the Arrow Graphics crew.

There were many hard hours put in on this publication.

It's worth the "buy" at \$12.00. It's a limited edition of only 350 copies. You likely will buy it and it will be a "collectors" piece.

It features all the College classes, the 1997 graduates, faculty, staff, the daycare children and staff, and the Theodore Jamerson Elementary School children, teachers and staff.

The Thunderbirds, Lady T-Birds, and many other student activities are featured. So, step up and get yours on sale at the cafeteria or see the Yearbook Committee and staff.

Thanks for a "job well done!"

## THE GREAT DAY HAS COME

Graduation Day seems so far in the future and now it's here -- May 8, 1997.

Preliminary to graduation for nursing students is the Award Banquet and Pinning - This event on May 1 began with dinner (both chicken and roast beef) held in the nicely decorated campus small gym.

Graduates brought family members and other guests. It was good seeing so many first year students too. President Gipp made nicely complimentary remarks. Sherry Messmer gave reflections on caring as the appropriate characteristic of a nurse.

There were the usual FACULTY AWARDS -- often humorous -- given to graduating students.

Sister Kathryn Zimmer, Program Director, along with faculty, Anne Heid, Sherry Messmer, and Charleen Laschkewitsch, presented the lovely AASPN pins.

In conclusion, Sister Kathryn said she believed that National Nurses Week (May 6-12) theme was most fitting at this celebrating time: **NURSES HAVE THE COURAGE TO CARE.**

Thanks all for a fun evening and blessing to all.

Director, AASPN Program

## Placement

## One of the Required Check Points Before Graduation

This is a reminder to all graduating students that the placement office one of your required check points on your list of thing to do before graduation.

We need you to fill out or update your data base card, fill out a exiting form, and submit your resume and Federal Application 171 Form to our files. We need this information so we can contact you for employment purposes and have your resume forms ready for processing.

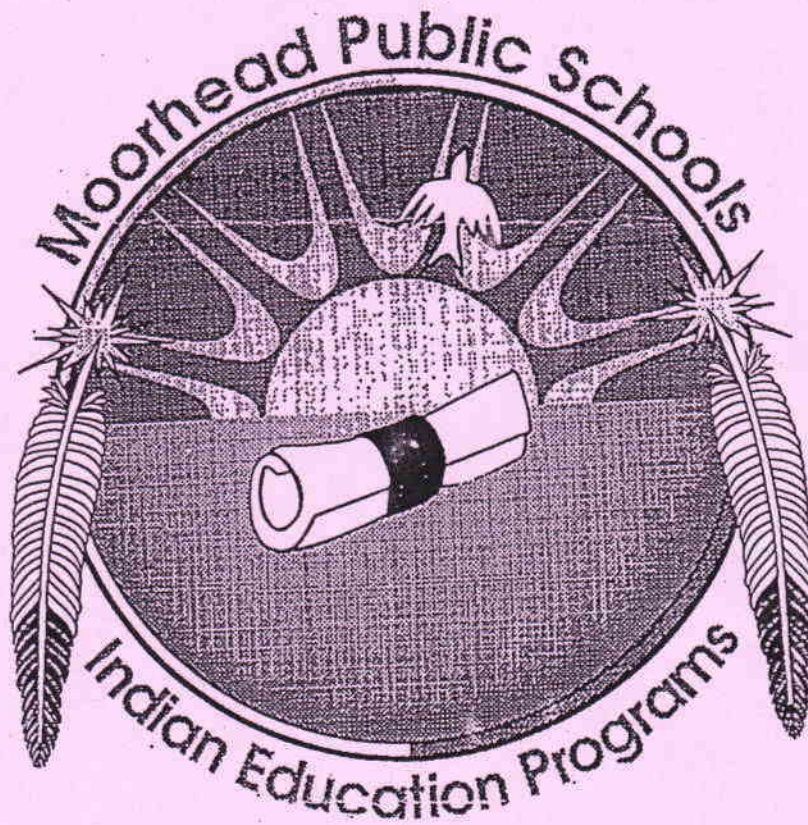

We are "on line" now to the internet and can look up job listings anywhere in the country. Any city with a Job Services Department we can lock in to. Graduates you may want to come in and try out this new technology.
