Good News from the N.D. Board of Nursing

The UTTC nursing program, as requested earlier, submitted an Interim Report to the North Dakota board of Nursing in October, 1993.

Word has been received that the nursing program is now in full compliance with the Board's education rules. Based upon the interim report, the Board has granted continuing and full approval to the AASPN program at UTTC. The next site visit by the Board is scheduled for the spring semester of 1995.

Thanks to all who help make this kind of approval possible.

IF YOU FIND MISTAKES

in this publication, please consider that they are there for a purpose. We publish something for everyone, and some people are always looking for mistakes!

AASPN Program Reviewed by UTTC Curriculum Committee

All UTTC programs are being reviewed by the UTTC Curriculum Committee. The AASPN program was the first to be reviewing regarding its courses, degree plans, and total program. The Committee endorsed the AASPN program.

This review is being conducted to determine readiness for inclusion of programs in the 1994-1995 edition of the UTTC catalogue.

Welcome to Students New to AASPN Program at UTTC

The staff and students of the AASPN Program welcome new students coming into the program this spring semester. The 20 students who completed their nursing program of studies in December, 1993 have left a number of "slots" to be filled.

More about these new students later. Also more later about successes experienced by some of the graduates already accepted for employment in agencies and clinics.
