Help for Disabled Children of North Dakota's Vietnam Veterans

North Dakota Vietnam Veterans' Children's Assistance Program completed its first grant year of operations February 28. Pat Lindsay, the coordinator and case manager for the Minot based client roster of 84 disabled children have received help.

Lindsay states, "our goal is for the family to be better equipped to deal with whatever disability their child may have so the child's life may improve. Sometimes it's just a matter of letting the family know where to turn. In other cases, there may be a need for extensive advocacy and resource searches to help children and families."

The grant funds provided through the Agent Orange Class Assistance Program for the past grant year were able to cover 16 months of operation. Future funding is anticipated for the program to operate another year. All persons working in the helping professions are invited to help get the word out about this service for North Dakota Vietnam Veterans having children with disabilities. For more information program coordinator/case manager Pat Lindsay can be reached by phone weekdays at Minot State University's North Dakota Center for Disabilities 800-233-1737.

86 Year Old Man has Foreign Pen Pals for You

Each week hundreds of letters arrive in Waseca, Minnesota from all over the world! Men and women are writing Robert Mishek, founder of International Pen Pals, asking him to help them find a Pen Pal here in the USA!

Letters arrive from every continent. They arrive from men and women between 20 and 90 years of age, who are anxious to write to someone here in the USA.

In response to these requests, International Pen Pals has just completed two unique directories with hundreds of these names. Each name includes age, sex and complete mailing address! Every address is current since the directory has been compiled from mail received in the past few weeks. The directories have been compiled by age groups. Directory No. 1 includes names and addresses of men and women between the ages of 20 and 54 years of age. Directory No. 2 includes name and addresses for men and women between ages 55 and 90 years of age.

Both International Directories are available today...to any adult here in the USA who would like to be a Pen Pal with someone in another country. Owners of the International Pen Pal Directory are free to write to as many Pen Pals as they wish and from any of the countries included in the directory!

Now, Robert Mishek is looking for adults here in the USA who will write letters to answer the mail that continues to flood his Waseca mail box. It's easy to do by using the new directories he has compiled.

To receive FREE DETAILS, on the International Pen Pal Directories, send a stamped self-addressed envelope to Robert Mishek, International Pen Pals, RR 3 Box 220, Waseca, Minnesota 56093.
