Welcome to the Learning Center

For those of you who haven't yet made it by the Learning Center, you can find us in Room 119 of the Education Building. The Learning Center provides a student study area, offers tutoring in a wide variety of courses, and provides computers for general student usage.

All students are welcome to come to the center during the day and use our study areas. If you stop by in the morning, you can even get a cup of coffee from Don Rush.

Tutoring services are available to all UTTC students through the Learning Center. For some courses, there are scheduled times during the week when students can drop in at the center for tutoring. For other courses, arrangements can be made to provide tutoring as needed. Stop by the center and check with Jennifer for more complete details.

If you are interested in word-processing (this is the quickest and easiest way to type papers), the center has AppleWorks and Word Perfect available. Students who are not familiar with computers can learn the basics of AppleWorks in one short session. To use

Campus Crime Prevention

Sgt. Mark Buschena, Bismarck Police Department

There are no guarantees in life. Especially when it comes to being a victim of crime. Although Bismarck has one of the lowest crime rates in the country, we do have our own particular problems. While there are no guarantees, there are steps you can take to reduce your likelihood of becoming a victim.

"Our biggest crime is property crime--thefts, burglaries and especially thefts from motor vehicles," said Sgt. Mark Buschena of the Bismarck Police Department's Crime Prevention Section. "Remember, vehicles are designed for transportation, not security. If you don't leave valuables in your vehicles, thieves won't be able to steal them," Buschena said. "Lock valuables in the trunk or better yet, take them with you."

Stereo equipment is a hot item for thieves. Consider installing equipment with slide out components or removable face plates, and taking these items with you when you park your vehicle.

Radar detectors and check books are often stolen also. Don't leave any valuables in your vehicle and always lock it.

Stolen vehicles--Last year 74 vehicles were stolen in Bismarck. According to Buschena, all of them had the keys left in them. If you don't want your vehicle stolen, don't leave the keys in it, or leave it running unattended.

Thieves also steal bicycles. Get a good lock and use it. Lock your bike to an immovable object, such as a bike rack.

Although Bismarck's number of rapes, robberies, and assaults is low, you still need to use a little common sense. Whether you live in a dorm or an apartment, keep your door locked, and don't share your room key with anyone. Keeping blinds and curtains closed will help keep window peepers from your window. Get to know the other people in your dorm or apartment, and know who belongs and who doesn't.

If you live in a security building, don't prop locked doors open so the pizza delivery person can get in. Propping open a door allows unwanted people into your building as well. Instead, go down to the front door and wait for your guests to arrive and let them in.

Avoid walking alone at night and keep to well lit areas. If you see someone hanging around, who appears to be up to no good, don't be afraid to call the police to report it. If you see a crime in progress, a fire or a medical emergency, call 9-1-1.

By following these simple steps, you can reduce your chances of becoming a victim of crime, and enjoy your college career in Bismarck.
