OUR HEARTS GO OUT in the loss of Dorothy Cadotte Lentz and her daughter Pamela Scholastica Lentz. On April 2 mother and daughter were buried in their home community at Wakpala, South Dakota, attended by relatives, friends from the University of North Dakota and United Tribes. Dorothy, age 56, was a teacher and lifelong educator, and Pam, 21, was a student and a member of the Army Guard. Dorothy was teaching most recently at UND. She worked at United Tribes in earlier years and developed the United Tribes Recipe Book. They were victims of a homicide.

O' Great Spirit, whose voice I hear  
in the winds,  
And whose breath gives life to all the world,  
Hear me - I came before you,  
one of your many children.  
I am small and weak, I need your strength  
and wisdom.

Let me walk in beauty and make my eyes  
ever behold the red and purple sunset.  
Make my hands respect the things you have made,  
my ears sharp to hear your voice.  
Make me wise, so that I may know the things  
you have taught my people.  
The lesson you have hidden in every leaf and rock.

I seek strength not to be superior to my brother,  
But to be able to fight my greatest enemy - myself.  
Make me ever ready to come to you  
With clean hands and straight eyes,  
So when life fades as a fading sunset,  
My spirit may come to you without shame.

THERE'LL BE SOME CHANGES TAKING PLACE .. A task force is being formed made up of members of the staff, faculty and students to begin considering ideas for a NAME CHANGE. Yes, Yes! You know we're planning big changes such as going from a quarter system to semesters by (continued on back)

next Fall. And, UTETC will begin to offer two year degrees, as well as continuing to offer certificates. Those are "big plans a coming".

Well, thus, the need to look at a new name. We'll be a one and two year school. Of course, the North Central Association of Colleges and Schools will have to approve of the newly planned two year courses. But remember we're already accredited through 1990 and UTETC is a member of the National Junior College Activities Association.

Soon there will be meetings being called for your ideas. United Tribes has already gone through name changes in the past years. For example, in 1968, it was known as "United Tribes of North Dakota, and shortly after that it was called United Tribes Employment Training Center. By 1975 it was called United Tribes Educational Technical Center (UTETC). So start those wheels and ideas a'rolling! What is your idea and what should UTETC be called? More later on the history and ideas of these and other names. THERE'LL BE MORE TO COME, AND WE'LL KEEP YOU UPDATED.

\*\*\*THE DAYS OF OUR TRIBES.....A continuing soap opera

....there stood "Dumplings" and "Peaches", the ThunderHawk twins smiling down at them. Being true gentlemen, Cactus and Turnip jumped to their feet and offered them a spot on the bleachers. Feelings of shyness came over Cactus as he stared at the tip of his worn boots. Turnip wasn't any better as he fumbled over his words, had to clear his throat several times and felt his palms go sweaty on him. Dumplings and Peaches seemed to lookoff into the distance; but were very much aware of Cactus & Turnip sitting next to them. It was finally agreed that between their winnings, at least two people would enjoy a good supper and a movie... but which ones would it be?

As the UTETC bus tooted its' horn for the last time and Peaches & Turnip yelled for them to "HURRY-UP", Cactus waited patiently kicking the pebbles in front of the girls dorm. Dumplings couldn't decide which earrings to wear with her orange and purple shirt and she couldn't find her lucky rabbits foot chain and she didn't know where her room keys were... a trail of dust was all that remained as Dumplings and Cactus looked off in the direction of the departing bus.

Realizing the bus would never return in time and they would miss the "early birds", they jumped on BLAZE and headed for town. At the intersection of 9th and Expressway, a commotion broke out between a dog & cat which only excited BLAZE...the black cat came tearing between the front hoofs of the horse as the dog quick on its heels, kept pace unaware of anything around him. As BLAZE reared on his hind legs, Dumplings and Cactus knew the only thing they could do was hold on.....Stay Tuned next week!!!
