The Chemical Health Center provides transportation to the Mid-City A.A. meeting which meets Tuesdays at the Bismarck-Mandan Anonymity Society Clubhouse. The car leaves the Chemical Health Center at 7:45 every Tuesday evening.

ELEMENTARY:

REMINDER TO TJ PARENTS (K-8): The elementary school WILL HAVE SCHOOL March 7-11, the week of the college spring break. We are required to have 175 teaching days in our school year and cannot meet this requirement unless we have school that week. Please remember your first priority is to have your children in school that week and plan accordingly. Another very important reason is so that they will be able to participate in the Science Fair which is scheduled for Friday, March 11. All the students are working on projects and they as well as their project MUST be at the Fair in order to be judged. Thank you for your cooperation.

Friday, March 11 - Theodore Jamerson School Science Fair. The Fair will be held in the small sym. Judging will take place in the morning. The projects will be open to public viewing after 2:00 pm. Be sure to come and take a look at the projects. You will be amazed at how much work the students have put into them!

THE END OF SCHOOL FOR THE LPN:

This story is about a LPN student of the United Tribes. We know this student works hard during the day and studies at night, thats the way these students are.

Like BEATRICE RAYGO a sweet lady with nice personality, god will be with her for the rest of her life and will be her friend. She helps people who are sick and helpless. It is nice to be her friend. BEA RAYGO because she will always make you laugh, because she drive you crazy when she's happy.

BEA RAYGO and ALBERT GROS VENTRE make a good match.

I know this BEA RAYGO. She is a nice person and she will always be there when you want. her.

That's the way I feel about BEA RAYGO, she's like a mom to me.
