Wed. — Hotdish

Thurs. — French Dip

Fri. — Grilled ham & cheese

April 24

Mon. — Goulash

"A PERSON'S WORTH IN LIFE IS HIS POWER TO UPLIFT OTHERS." -- Robert Louis Stevenson

This means keeping criticism of our fellow occupants of the planet to a minimum...it means trying to see the BEST in others...it means zipping the lip when repeating negative things about others would be easier than keeping quiet...it means keeping our words sweet, for one day we may have to eat them! In Jesse Jackson's words, "If people who are perfect are the only ones casting stones, NO STONES WOULD MOVE." In fact, "Let there be PEACE on earth...and let it begin with me." Let it begin with each of us!

GRADUATES!

If you want individual pictures taken, please call Mary at Ext. 227 SOON. Pictures can be developed within 24 hours for your approval and selection. Orders for reprints and enlargements must be paid in advance. Here are the prices:

4' X 6' (Postcard size) Glossy or satin finish - \$.60 each

In folder - \$1.75 each

5" X 7" Glossy or satin finish - \$3.50 each

8" X 10" Glossy or satin finish - \$6.50 each

PLEASE...PLEASE...PLEASE REMEMBER THIS. NO group pictures will be taken by Mary on the day of graduation, May 6th. The ALL GRADUATES GROUP PICTURE and the GROUPS BY VOCATION will be taken the afternoon of May 5th. Pictures of the ceremony will be taken as it's going on, but pictures of individual students will not be taken while they're receiving diplomas unless previous arrangements are made ahead of time.

THIS WEEK, THE UTTC NEWSLETTER features JUDY AZURE

Judy Azure the new business clerical instructor, joined us last September. She is teaching courses in Word Processing, Computers, Payroll Accounting, Office Procedures, Office Machines and Consumer Economics. Before coming to United Tribes, Judy worked at the Turtle Mountain Reservation doing many different things: she taught GED classes at the Turtle Mountain Community College, worked at the Business Office of the College where she was part of the effort to put the tribe's accounting on computers, and was the Industrial Development Specialist for the Tribe. As Industrial Development Specialist, her job was to travel throughout the country to bring industry to the Turtle Mountain Reservation.

Judy is originally from the Turtle Mountain region. She came from a family of ten children, five boys and five girls. Bea Raygo, a student at United Tribes, is her sister. She attended school at Dunseith and Belcourt, but also at Williston, ND. Judy says that she dropped out of high school, but got her GED in Roswell, New Mexico.

She was married between 1969 and 1974 and has two daughters, Tammy, who is graduating this year from Dunseith High School, and Michelle who is a student at Wachter Junior High in Bismarck.

She likes to read and to gamble. Poker and Bingo are her special games. When she was younger she loved to ride horseback, but she says that she doesn't do that much any more. "I guess I'm more afraid of heights now," she said.

Judy would like new up-to-date computers for our students at United Tribes. She feels that computers are the way of the future and that it is important that all United Tribes students gain some experience with them. She would like her students to have some experience in basic programming of computers also.

She would like United Tribes to have a better way of dealing with time and attendance. A student should be able to do the work expected of him or her and if attendance drops below a certain point that student's grade should be lowered. Otherwise, she feels that the current way of dealing with time and attendance treats the students like children.

Continued

Judy reports that five United Tribes students will be participating in a Business Tournament from April 26 to 30 in Regina Saskatchewan. The tournament is sponsored by the AIHEC (American Indian Higher Education Consortium). They will compete in five areas: typing, word processing, English, computers, and accounting.

Judy is a fun loving and delightful person, who brings enthusiasm to our lives here at United Tribes.

LURKING AROUND the UTTC Campus....

This week's question was suggested by Anne Kuyper; the question is: "If someone gave you a million dollars, what would you do with it?"

"Buy a house and invest the rest of it."

Robin Little Light

"I'd spend it on thinds I DON'T HAVE...AND WANT!!"

Vinnie Carry Moccasin

(No hints as to what those things are, Vinnie??)"

"I'd go on a life-long trip around the world!"

Johnny Smith

"Probably pay bills!!!"

Ruby Fire Cloud

(You and me both, Roby!)

"I'd spend it very wisely. But mostly I'd wait till I HAD IT IN MY HANDS before I spend it in my mind!!!"

Julie Red Eye

"I'd throw a gigantic monster party for everybody!"

Jerwyn Marks

"What would I do if someone gave me a million dollars? I'd pay off all my bills, open a trust fund for my children and my 10 godchildren...buy a nice new van and pickup with a camper and take my kids to Disneyland. Then I'd buy some nice land and build a huge log house. Most of all, I'd buy Albert a new hat...and LIVE HAPPILY EVER AFTER!"

Melody Silk, UTTC Admissions Office

"I'd travel around the world!"

Connie Azure Lilley

"I'd buy the BEST CAR IN TOWN!!"

Corey Schad

"Well! I'd have so much fun!! Besides paying bills, I'd redecorate my house, get a new car, buy a new boat & take the whole family on a two-week cruise, then I'd set aside money for college educations for my children, buy a new wardrobe...and I suppose Uncle Sam would require a chunk!! THIS WOULD BE A START!"

Charlene Laschkewitsch, LPN Instructor

"I'd buy a house, a car...pay all by bills, and invest the rest for a good time later!"

Carmen (Bruce) Hale

"Well...Just HAVE A GOOD TIME, I guess!"

Leon Little Moon

"I'd invest about 1/4 on my kid for her education...probably spend 1/3 on pleasure...of course. 10% would go to the church---but not to Jimmy Swaggert's or Tami and Jim Bakker's church!!!! And I'd give \$25,000 to UTTC to help fix the roads!. The rest I'd spend going to Germany, where I'd retire!"

William Red Leg

"I'd go to Hawaii...and THEN I'd spend my money..."

Mike Malatterre

Continued

"I'd spend it very wisely...or buy Crumley's!!!"

Janice Cadotte

"If someone gave me a million dollars, I'd go on vacations all over the world...the Bahamas, Italy, Disney World...!"
Kennard Parker

"I'd invest half of the money in a fund for education for Indian Children and the OTHER HALF I'd invest for myself."
John Clark

"Buy a new house, a new car...and I'd invest the rest."

Jackie Cadotte

(Jackie didn't say if she'd co-invest in her sister's purchase of Crumley's!)

"Julie and Vinnie, DITTO!"

"Jerwyn and Corey, in deep discussion about how they're going to spend their million bucks!"

ATTENTION...ATTENTION...ATTENTION...!!

The LAST EVER TRIVIAL VOCATION CONTEST will be this coming Friday, April 22 at 2:30 P.M. The location will be arranged according to the weather. Whatever vocation wins the trophy **KEEPS IT FOREVER!** The competition will be **CUT-THROAT**, so come prepared to **PLAY TRIVIA!!!**

Continued

"CHEATING"

I would like to express my feelings and concern about students cheating in classrooms. I have seen so much of it that I think its time someone voiced an opinion.

Why do students cheat and get away with it continually? I thought we were here to learn so that when we get out there in that working class; we would put our skills in use and accomplish our goals.

Not only is it the students fault but at times the instructors just let it slip by or turn the other way. I realize that they can't keep their eyes on the students all the time but perhaps they should try and be in their classrooms during testing.

For some of us that work hard to get good grades (without cheating) feel it is not fair. Maybe you think we should only worry about ourselves and mind our own business. But-if we care about others then let's not let this go on. To continually allowing them to do this would mean a great disappointment for them when they get out there and try to find a job. It might even save someone a great embarrassment.

For those of you who have a conscience - think about it. What's the use of going to school at all if you're only her to cheat. Try to learn something!

Try studying and improving you habits. The next time you take a test and you get a good grade because you studied, should certainly be a feeling of accomplishment. You may not think anyon sees you but others see you and cheating is certainly not something to be proud of.

If you're planning on putting your skills to use in the employment world make a tremendous difference when you apply for that job that is going to provided for your future.

ELEMENTARY:

WE ARE PROUD!! The winning TJ Warriors (5/6 grade coed team) won the CHAMPIONSHIIP at TJ Tournament held last week. They defeated Telfer/Manning Tuesday night to advance to the championship game on Thursday. In this game, they defeated Apple Creek in overtime, 50-47. It was a good team effort and all the players and Coach Bleichner are to be congratulated.

The elementary students, k-8, will be taking their spring achievement tests the week of April 25-29. Kindergarten students will take the Metropolitan Achievement Test and grades 1-8 will take the California Achievement Test. Parents, please keep these dates in mind and give your student/s a lot of encouragement to do their best.

April 30 has been picked as the make-up day for the TJ Elementary students. The snow storm on April 11 left use one day short on our calendar requirement of 175 days and we must make it up. We will start school at 9:00 and dismiss at 1:00.

Thank you to everyone who made the Science Fair a big success.

All of your help is greatly appreciated.

No job was too small to be overlooked, so I won't attempt to list any names or departments as I know I will miss someone.

Thanks again.
D.O. Froseth
