DATE: October 28, 1988

JUST FOR YOU

Count your garden by the flowers,
Never by the leaves that fall!

Count your days by the sunny hours,
Not remembering clouds at all.

Count your nights by stars, not shadows;
Count your life with smiles not tears.

And when your life has reached its autumn,
Count your age by FRIENDS, not years!

A VERY SPECIAL THANK YOU!!!

The United Tribes Technical College Language and Communication Arts Division under the supervision of Dr. Loretta DeLong, would like to thank all the administrative staff, faculty, support staff, and students who attended the first All-Campus Assembly in the James Henry Memorial Building on October 19, 1988. The guest speaker at that time was Mary Louise Defender Wilson, who was sponsored by the Speakers' Bureau of the North Dakota Humanities Council.

The Language and Communication Arts Division is planning other assemblies, featuring speakers, educators, sports figures, entertainers, tribal leaders, authors, and artists, who will be coming to the UTTC campus this academic year of 1988-1989. All campus staff and students will be advised of the guests who will be presenting the assemblies; notification will be made in the UTTC NEWSLETTER far enough in advance that everyone who wishes may plan to attend.

Special thanks to the Maintenance Staff who arranged for all the seating and for the stage, podium, and microphone early on the morning of the assembly Oct.19...RON NEWMAN, GARY DAVIS, ED FAST HORSE, and FORREST PARISIEN. AL ECROTH stopped by to make sure everything was available for the sound system. THANKS, GUYS! Sometimes, we take for granted that Maintenance is ALWAYS THERE, when the heat isn't on....or a pipe breaks....or something needs to be set up.... and now we'd like to THANK THESE MEN for ALL THE TIMES they help us out. What would be do without them? (We'd be fixing the furnaces, repairing the pipes, and setting up ourselves, that's what!!!)

AND, NOW, ABOUT THE NEXT ALL-CAMPUS ASSEMBLY!

The next speaker for the All-Campus Assembly Program for this year will be MR. EDWARD LONE FIGHT, the Tribal Chairman for the Three Affiliated Tribes, Ft. Berthold Reservation of North Dakota. Mr. Lone Fight will be speaking to all students and staff during the third week in November, 1988; the exact date has not yet been determined, but the UTTC NEWSLETTER will notify its readers as soon as Mr. Lone Fight advises us of what day he will be on campus.

The UTTC Language and Communication Arts Division plans to invite ALL the Tribal Chairmen of the reservations of North and South Dakota; they will be addressing our staff and students as their schedules permit.

THANK YOU FOR YOUR SUPPORT!

The LPN Department held a "50-50" Raffle on Friday, October 21, 1988. We want to congratulate TIM SMELLS of Police Science---he was the winner of the raffle.

We also would like to thank everyone for participating!

UTTC INSTRUCTOR ATTENDS CONFERENCE

SHARON SNYDER, Special Services Director for UTTC, recently attended the Association of Special Programs Annual Conference in Fargo, North Dakota. This conference was for Region Eight, which consists of the states of Colorado, North and South Dakota, Montana, Wyoming, and Utah. ASPIRE (Association of Special Programs in Region Eight) is just one of ten regional professional organizations which represents personnel who work with equal educational opportunity programs. The professional membership of ASPIRE is primarily comprised of TRIO program personnel in Colorado, Montana, North Dakota, South Dakota, Utah, and Wyoming.

TRIO represents federal programs legislated by the U. S. Congress since the 1960's and include Upward Bound, Student Support Services, Talent Search, Veterans' Upward Bound, Educational Opportunity Centers, the Ronald McNair Post-Baccalaureate Program, and Training Authority. There are approximately 1,311 TRIO projects in the United States and Territories, serving over 456,590 low-income, first-generation college disadvantaged students. TRIO programs provide educational support for students to complete high school, enter a post-secondary institution, matriculate, and for some students, pursue a graduate degree.

UTTC has a Special Services program serving 80 students. John Kaufmann and Beth Bogg, math instructors, are the other staff members besides Ms. Snyder, hired for this project.

If you desire more information on this program, call Sharon Snyder at EXT. 239.
