TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA!

Yes, Readers of the UTTC NEWSLETTER....this will be the last Trivia Game for the academic year of 1988-1989! Lois Lane would like to thank everyone who participated in the Trivia Games! Even if you didn't win with every try, you showed an interest in the games and I think we all had fun. Congratulations, WINNERS OF NEWSLETTER TRIVIA! You broke the Coke budget!

The winner of last week's trivia game was RON NEWMAN. Ron is one of the stalwart souls who works in Maintenance.

Because President Bush visited Bismarck while we were all here, it seems appropriate to finish this year's Trivia with a question about presidential visits to Bismarck. Here it is....."One former president visited Bismarck after he was out of office, four incumbent presidents have visited while they were still in office, and five future presidents were here before they were elected to office. Out of those ten presidents, name FIVE who have been in Bismarck."

As always, the winner of this trivia question will win a 6-pack of whatever is on sale at Econofoods! Lois Lane will be lurking by her phone, waiting, waiting, waiting for you to call in your answer!

The Administration, Faculty, Staff, and Students of United Tribes Technical College would like to extend SPECIAL THANKS to the Manager of Bismarck's MIDCO Theaters at Kirkwood Plaza for the private showing of "POWWOW HIGHWAY" on Thursday, April 27, 1989.

Your kind invitation was a gracious and much-appreciated courtesy to us. Comments about the movie were enthusiastic and very favorable. We were pleased to be invited, and we all had a good time!

Now that we have visited your theater as a group, we think it would be nice if you came out to visit our school one of these days. When classes resume in August, you will be receiving an invitation from us for a specific day for you to take a tour of our college and the Theodore Jamerson Elementary School, located on the UTTC campus.

Again, thank you.

The Theodore Jamerson Elementary School received a phone call from Charles Gustafson, Education Specialist for the Chapter I program at T.J. Aberdeen Area Office, on Monday, April 24, 1989. He called to inform the school that a \$34,557.00 amendment had been approved for the T.J. Chapter I project!

The staff and students of T.J. are particularly excited about this approval of the amendment because it includes computers for family check-out! The Chapter I staff will be working out the training and check-out procedures after school is out in May, so the check-out program will be ready to go next fall.

The amendment includes a total of six Apple IIGS computers with printers, printing paper, and approximately \$4,000.00-worth of computer software. Other items included in the amendment are computer desks, shelving, a camcorder, VCR, cases for the computers, copier, shape-maker, and various miscellaneous items.

T.J. will be one of the first schools in the Aberdeen area to try the family check-out computer program and we just know it's going to be a tremendous success! The students are ecstatic, and we're looking forward to working with all parents in this exciting adventure!

UTTC JOINS BISMARCK IN WELCOMING PRESIDENT BUSH

UTTC Board Members, Administrators, Faculty, Staff, and Students were part of the crowd of 10,000 people who had the opportunity on Monday, April 24, 1989, to see an incumbent President of the United States. President Bush arrived in Bismarck in the afternoon to a crowd of excited well-wishers at the airport; he was escorted to the Capitol grounds, where he delivered a short speech and planted two trees to commemorate the North Dakota Centennial goal of planting 100 million trees over the next 10 years.

Because UTTC is so close to the Bismarck Airport, staff and students on campus got glimpses of the flurry of activity at the airport that had begun a week before the President's arrival in Bismarck. Lear jets buzzed in and out of Bismarck every day, and sober-faced Secret Service Men in emblem-embazoned suits were seen everywhere on the runways, on top of the terminal, and across the grass between the airport and the UTTC campus. A huge Army-green transport arrived within view of the campus about four days before Air Force One did. The transport, which dwarfed the air traffic control tower, remained "parked" on the runway until after the President's departure.

Staff and students who didn't go to the North Dakota State Capitol to hear the President's speech did see Air Force One land. Several groups of faculty and students were at the airport to greet the President when he stepped off the plane.

Three elementary schools from Bismarck were chosen to be seated close to the speakers' podium at the Capitol. Those three schools were THEODORE JAMERSON ELEMENTARY from United Tribes, Northridge Elementary, and Will-Moore. Because our students were sitting so close to the front of the crowd, several took President Bush's hand as he passed them on his way to plant the elm tree he had brought to Bismarck to acknowledge the Centennial project.

The students of TJ and the other schools were given Black Hills spruce seedlings to plant after the President's departure.

The students from TJ were accompanied to the Capitol by the Principal, Anna Rubia, and the instructors of TJ.

Also attending the President's speech and tree-planting was a delegation from United Tribes consisting of Board Members, the college President, Mr. Gipp, the Vice-Presidents Bennett Yellow Bird and Dr. Loretta DeLong, Student Senate President Delphine Conklin, and instructors. Miss Standing Rock also accompanied the delegation.

Joining the North Dakota Centennial Chorus and Band were drummers from United Tribes, who sang the Flag Song when the program preceding the President's speech began. (Pictured from L to R): BUTCH THUNDERHAWK, LEROI LAUNDREAUX, and JOHN STANDING BEAR.

April, 1989 has been a time of "field trips" for students and faculty of United Tribes Technical College and Theodore Jamerson Elementary School.

Recently, English Instructors Brian Palecek and Mary Lemcke took their students on a field trip to the North Dakota State Capitol, Heritage Center State Library, Ft. Lincoln (the blockades and Mandan Indian Village), and "Double Ditch", an un-excavated Mandan Indian Village north of Bismarck along the Missouri River.

The students and teachers were treated to a lunch of pizza and Pepsi at the Mandan Pizza Hut, courtesy of UTTC's Student Senate.

The field trip wound down at "the eagle" sculpture on display outdoors at one of Bismarck's parks.

The students and teachers who went on this field trip wish to thank the Student Senate for allocating the money for the pizza!
