THE FOLLOWING ARTICLE IS REPRINTED FROM THE BISMARCK TRIBUNE WITH PERMISSION-APRIL 15, 1990:

### David Gipp receives honorary doctorate

David Gipp, Bismarck, is one of 10 persons who will be awarded honorary doctorates at North Dakota State University's Centennial Commencement on May 26.

Since 1970 when, at the age of 24, he was the only Native American elected as a delegate to the N.D. Constitutional Convention, Gipp has been a leader in the advancement of Native American education regionally and nationally.

He was one of the founders and first executive director of the American Indian Higher Education Consortium from 1973 to 1977. He has been president of the United Tribes Technical College in Bismarck since 1977. He guided UTTC to gaining North Central accreditation in 1982 and to technical degree status in 1987.

SPECIAL THANKS!

Thank you, everyone who helped with the Science Fair! If it wasn't for your help, the Fair would not have been as successful as it was. It would be impossible to list names, because there were so many who helped! THANK YOU AGAIN for all of your help!

TO THE STUDENTS AND STAFF OF U.T.T.C.

I am writing to thank all of you for supporting us...the UTTC TEAM...at the American Indian Higher Education Consortium College Bowl. There were many students and staff members there cheering us on. You all gave us a lot of support and encouragement.

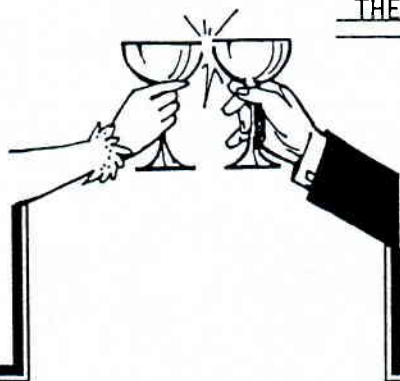

We are all proud of our accomplishment that we achieved. We feel it is an honor to have represented UTTC. We hope we have inspired many of you to compete in the 1991 A.I.H.E.C. competition which will be held on April 20-25 at Mount Tenemark, in Wisconsin.

I am going to quote a great English teacher and a good friend, Brian Palecek: "It just shows how much students can accomplish in a few weeks of hard studying...how much they can learn and remember and put into use in a competition such as this one." That is just one goal one could accomplish and feel really good about! I feel one goal that should be everybody's Number One Priority as a student at UTTC is to FINISH WHAT THEY CAME HERE FOR, and to go on to a four-year state college or university. In the long run, it will all be worth it. Go for the bigger and better things in life!

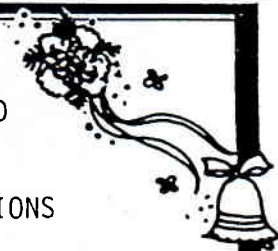

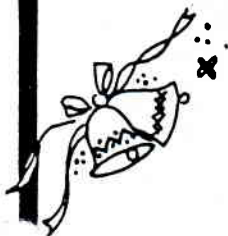

I would like to give a special thanks to Melody Silk for contributing a lot of her time and energy to the team. She has a busy schedule, and we all appreciated her spending it for us.

Sincerely,

GREGORY F. BAD HAWK AND THE REST OF  
THE COLLEGE BOWL TEAM
