Dear Mr. Gipp:

Our Department responded to a fire in Sitting Bull Hall on the evening of September 29, 1990.

We would like to thank the security officers for their help during and after the incident. Ray Dwelle was on the scene and we are also appreciative of his assistance.

A special "Thank You" to Russ Olinger and the residents of Sitting Bull Hall. Without their prompt efforts in containment of the fire and the evacuation of the dormitory, a serious situation would have certainly escalated.

You have a right to be proud of the actions of your staff and students during the evening of September 29th. Their actions and assistance are greatly appreciated.

Thank you,

Tom Biwer

TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA! TRIVIA!

Last week's Trivia Question was correctly answered by student NICK KILLS THE ENEMY. Nick is in the Automotive Vocation, and he was right when he said that JUDGE RONALD N. DAVIES was the native North Dakotan who will go down in history as being the man who made the legal decision that ended racial segregation in the schools of the USA. Judge Davies ordered the integration of Little Rock, Arkansas Central High School in September of 1957. The NEW YORK TIMES called Judge Davies' ruling "the landmark decision on racial integration in our nation". Judge Davies also appeared on the cover of NEWSWEEK Magazine. Judge Davies attended high school in Grand Forks, North Dakota, and went on to graduate from the University of North Dakota in 1927. He earned his law degree at Georgetown University, and then returned to Grand Forks to practice law. He was municipal judge in Grand Forks from 1931-1940. He Served in the U.S. Army during WWII. He returned to his law practice in Grand Forks after the war, and, in 1955, he was appointed U.S. District Judge in Fargo. By 1957, he was a Federal Jurist.

This week's Trivia Question is about another native North Dakotan. Can you tell who this is by the following clues: (?) 1. This week's Trivia North Dakotan was born in Jamestown on March 22, 1908. At age 15, he joined a circus and later worked in mining and lumber camps. 2. This N.D. native was also a prize fighter and traveled throughout the world after he left N.D. During WWII, he was an officer in the Army Tank Corps. He was a self-educated man whose hobbies included archeology and the study of wildlife. 3. He produced the movie "Catlow", wrote 65 TV scripts, and sold over 30 stories to the movies including "Hondo" starring John Wayne. WHO IS THIS MAN!??

Call Lois Lane at EXT. 227 with your correct answer. You will win a product produced by this famous North Dakotan!

IN THE "NEWSLETTER SPOTLIGHT"

IN THE "NEWSLETTER SPOTLIGHT" is a feature of the United Tribes Staff and Student NEWSLETTER; its purpose is to highlight the administration, staff, and faculty of UTTC--- employees whose names we may hear often, but about whom we know little.

Those staff members featured in this section of the NEWSLETTER are presented with the other people who work in the same area on campus. Each person is featured in a separate issue.

This issue's area on campus is TRANSPORTATION. We all take Transportation so much for granted that we probably don't often think about what it would be like if the staff in Transportation didn't do all that they do. If they didn't clear the streets after a heavy snow, we'd all be "plowing through the drafts" up to the bumpers of our cars! If they didn't transport our students on the regularly-scheduled bus system, our students would be WALKING from campus to the stores in town! If they didn't check out vehicles for staff and faculty to use for field trips, GED testing, etc., we might be bicycling with our students on the handlebars! Of course, this all might be more aerobic 'n all, but it would be pretty inconvenient!

The Transportation Staff, listed alphabetically are: ANN BARTOLE, RED KOCH, ROLAND YOUNG, and JOHN ZAST. These staff members drive the buses that transport LPN students to Bismarck State College and to the hospitals and nursing homes for work study; the children of our adult students are also taken to local high schools and junior highs. Any vocational students who need to go into the Mandan/Bismarck community for work study are taken there by Transportation staff. Adult students of the college and the children attending the UTTC CDC and TJES are taken by Transportation staff in buses on field trips or to sports tournaments.

The Transportation Staff also maintain UTTC vehicles and equipment. These vehicles and heavy equipment include the buses, tractors, pickups, pay loaders, "bobcat", road grader, trucks, vans station wagon, and cars. Transportation also is responsible for checking out vehicles to staff who need to use cars, etc. to go off-campus and for documentation and other record-keeping.

The Transportation Staff Member featured in this week's NEWSLETTER is RED KOCH, pictured below.

Red has been an employee of United Tribes for a total of seventeen years, but those years have not been accumulated consecutively. He is the father of two sons---Monte who is 19 and Jay, 16---and one daughter, 13-year-old Jody. He's the husband of VERNA WHITE CLAY KOCH, who is also a long-term employee of UTTC. Their daughter attends Jeanette Meyhre School in Bismarck; Monte attends Little Big Horn College, Crow Agency, and Jay goes to Bismarck High.

People who know Red know that he has a great sense of humor, and that his "pet peeve" is "people who claim rights but not responsibility".
