On SUNDAY, SEPTEMBER 8, 1991, THE FORUM of Fargo, North Dakota, picked up this ASSOCIATED PRESS PHOTO AND CAPTION that featured GERTRUDE FOOLISH BEAR OF New Town, North Dakota, daughter of UTTC LPN student, MAMIE SHERWOOD. The NEWSLETTER is proud to reprint this photo with permission.

Article by Mamie Sherwood, LPN Student

This little girl is the daughter of Matt Foolish Bear and Mamie Sherwood.

Gertrude is a jingle dress dancer. Her teddy bear's name is "Sweetie".

I would like to share this with all the UTTC students and staff. I'm very proud of my 3-year-old daughter, who has been active in the Pow-wow Circuit since she was 4 months old! I've carried her through many pow wows, and taken her through Grand Entries, until now. She is able now to go through Grand Entry alone and make her own rounds on the dancing floor.

Gertrude was born on June 28, 1988. At birth she weighed in at 10 lbs. 4 oz.

I'M VERY PROUD OF OUR 3-YEAR OLD DAUGHTER, GERTRUDE EMMA FOOLISH BEAR!

Signed her Mother,

Mamie Sherwood

NEWS FROM PLACEMENT-

A glance at the 27 occupations predicted by the Bureau of Labor Statistics to have the largest growth in the next six years reveals that about three-fourths are jobs that require vocational skills.

Most of the new jobs will come from industries that provide services, especially in health care and food services. In general, jobs for workers with at least some postsecondary education and mastery of special skills will grow much faster than jobs of unskilled workers.

Employers are looking for employees with skills that can put them right to work in their business. They are also looking for employees that are dependable and cooperative.

While you are attending UTTC now, you are receiving hands-on experience in the many growing career areas such as health occupations, computer operations, electronics, food preparation, mechanics and many others.

Remember that listing vocational education experience on your job resume is a plus with employees!

NOTE- My grandfather once told me that there are two kinds of people: those who do the work and those who take the credit. He told me to try to be in the first group; there was less competition there.
