**VOL. 14. NO. 6.**

**DATE: OCTOBER 21, 1991**

FROM THE AUTOBIOGRAPHY OF TATANGAMANI

"Oh, yes....I went to school....I learned to read and write from school books, newspapers, and the Bible. But in time I found that these were not enough. Civilized people depend too much on man-made printed pages.

I turn to the Great Spirit's book....which is the whole of his creation. You can read a big part of that book if you study NATURE.

You know, if you take all your books, lay them out under the sun, and let the snow and rain and insects work on them for a while, there will be nothing left. But the Great Spirit has provided you and me with an opportunity for study in NATURE'S UNIVERSITY: THE FORESTS....THE RIVERS.....THE MOUNTAINS....AND THE ANIMALS WHICH INCLUDE US."

(Tatangamani was of the Stoney Tribe)
