FROM: JUDY JOHNSON, MUSIC TEACHER from Theodore Jamerson Elementary School

TWENTY COMPLIMENTARY TICKETS are available for the Bismarck-Mandan Symphony Orchestra Children's Concert on SATURDAY, MARCH 14, 1992, at 11 A.M.

This concert will be held in BELLE MEHUS CITY AUDITORIUM at 221 N. 5th Street.

This is a wonderful opportunity for your children to experience a live performance by an orchestra.

All tickets are general admission, and the auditorium will be sold out. I would suggest arriving at least by 10:30 A.M. in order to get a good seat. THE TICKETS MAY BE PICKED UP IN THE TJES OFFICE, BY THE PARENTS, ON A FIRST COME BASIS.

The NEWSLETTER is pleased to present to the readers of the weekly this following original composition by GLENDA RASMUSSEN.

LPN MIDTERM BLUES

by Glenda Rasmussen

AS LPN MIDTERM WEEK APPROACHES, WE ALL STUDY HARD BURNING THE MIDNIGHT OIL
READING AND MEMORIZING THE DIFFERENT KINDS OF PATHOGENS THAT'RE IN THE SOIL
LABELING AND MATCHING THE ANATOMY AND SKELETAL PARTS WITH MEDICAL TERMS
LOOKING THROUGH MICROSCOPES TO SEE SOME BACTERIA REALLY DO LOOK LIKE WORMS.

THESE ARE CALLED THE LPN MIDTERM BLUES.

WE STUDY TIL THE WEE HOURS OF THE MORNING, ONLY TO START AGAIN TOO SOON
AND WHEN WE GET UP AGAIN, WE SAY GOOD MORNING TO THE STILL WORKING MOON
TRYING TO GET SOME SLEEP, SOME OF US USED TO DREAM ABOUT CHEMISTRY
THE BOOKS WE CARRY ARE HEAVY, THE THINGS WE LEARN ARE HEAVY.

THESE ARE CALLED THE LPN MIDTERM BLUES.

I CONFIDE TO JULIE, IT'S A LOT TO STUDY YOU KNOW, OUR ANATOMY AND PHYSIOLOGY
SHE AGREES, YES, ESPECIALLY WHEN WE HAVE IT BACK TO BACK WITH MICROBIOLOGY
SHANNON REMARKS, OH YEAH, JUST WAIT UNTIL WE HAVE INTRODUCTION TO PSYCHOLOGY
I'LL ASK MY FRIEND BRIDGETTE, JUST WHAT THE HELL IS GOING ON HERE?

THESE ARE CALLED THE LPN MIDTERM BLUES.

WE SEARCH THE BOOKS FOR THE MEDICAL INFORMATION THAT WE NEED TO LEARN HERE
WE STUDIED THE HAMMER, ANVIL, AND STIRRUP AND INSIDE THE MIDDLE EAR
THE DESCENDING AND ASCENDING TRACTS OF THE SPINAL CORD AND ITS WHOLE SYSTEM
THE VERTEBRAE AND CRANIAL BONES, WE LEARNED THEM, WE CAN EVEN LIST THEM

THESE ARE CALLED THE LPN MIDTERM BLUES.

WE HAD FUN I KNOW I CAN SAY, LEARNING CHEMISTRY WITH MR. BALA AND JENNIFER
WE LEARNED WHAT PARTS ARE CONTROLLED BY THE BRAIN'S LEFT AND RIGHT HEMISPHERES

(continued on Page 3)

BEING ABLE TO BOTH LISTEN AND WRITE, TO ABSORB THE PROCESS OF DNA REPLICATION
DOUBLE STRANDS AND KINGDOMS, TAXCNOMY TOO, THE SCIENCE OF CLASSIFICATION

THESE ARE CALLED THE LPN MIDTERM BLUES.

THERE WAS A LOT OF LAUGHTER AND TONS OF FRUSTRATION IN OUR CHOSEN FIELD
THE DISSECTING OF A FETAL PIG, THE AROMA WE SOMETIMES CARRIED OF FORMELDAHYDE
THE CONCENTRATION TO FIND A SPECIFIC SKELETAL MUSCLE, TO MAKE IT TO LUNCH AND
BACK TO CLASS WITH A HUSTLE

THESE ARE CALLED THE LPN MIDTERM BLUES.

WE WILL RECEIVE OUR NURSES CAPS ONE DAY IN THE NOT TOO FAR FUTURE
WE WILL CRY AND BE HAPPY OUR JOURNEY OF LEARNING WE DID NURTURE
WE WILL SEE NEW LPN STUDENTS COME IN AS WE GRADUATE AND LEAVE
THEY WILL HAVE THEIR VERY OWN LPN MIDTERM BLUES I BELIEVE

EARLY CHILDHOOD EDUCATION CLASS HAS
ELECTION

The newly formed Early Childhood Education Class held election
of officers on February 26, 1992.

The new officers are: PRESIDENT - ETHEL YOUNG BEAR
VICE-PRESIDENT - JODY LAST STAR
SECRETARY/TREASURER - CLARISSA SHERMAN

The Week of the Young Child is April 5-11, 1992. Please watch
for our activities and promotions that we'll be having then!

IN THE NEWSLETTER SPOTLIGHT

"In the NEWSLETTER Spotlight" is a feature of the weekly; its purpose is
to highlight new Staff and Faculty members to help other Staff and Students
become acquainted with the "new faces on campus".

This week's lady in the Spotlight is JENNIFER RANDAZZO. The following
mini-autobiography was written by Ms. Randazzo. The NEWSLETTER wishes to
thank her for her contribution!

I was born and raised in Washington, a small town in southwestern Indiana. I
attended college at Indiana State University and graduated in '88 with a Bachelor's
degree in Secondary Science Education.

I have been living in Bismarck since last June, when my husband's job required
us to move to North Dakota. Previously, we were living in an Indiana suburb of
Chicago, where I taught high school chemistry and physics.

(continued on Page 4)

My position as Math Tutor at UTTC provides assistance to students needing extra help in math and math-related sciences. My office is located in the basement of the Education Building. My office hours are Monday through Friday, 8:00 A.M. to 4:30 P.M. I can be reached at EXT. 335 if you would like to set up an appointment.
