

ELEMENTARY SCHOOL

By Cindy Red Dog

An Elementary School at UTETC will be opening around February 1, 1973 to provide education for Indian children on center, according to Gay Robertson, Principal of the school, and staff.

The school is being funded by the Bureau of Indian Affairs. Grades first through sixth will be taught. It will be located on the Southeast side of the Security building.

The school will be able to handle an expected increase of children coming in every month. At present time there will be about 35 children starting school. This will help our Indian children as Public Schools are overcrowded. Material found in Public Schools will be used and enriched with Indian material. More individual help will be given to the students.

Student progress will be evaluated by Parent-Teacher conferences and satisfactory reports. The school will have a Parent Advisory Board.

The teachers for the school are: Carol Little Soldier will teach 1st and 2nd skill levels. Carol used to be an ABE teacher for UTETC.

Randy Plume will teach 3rd skill level. Randy used to go to school at the University of North Dakota, Grand Forks, ND.

Glenna Mueller will teach 4th skill level. Glenna used to teach ABE at UTETC.

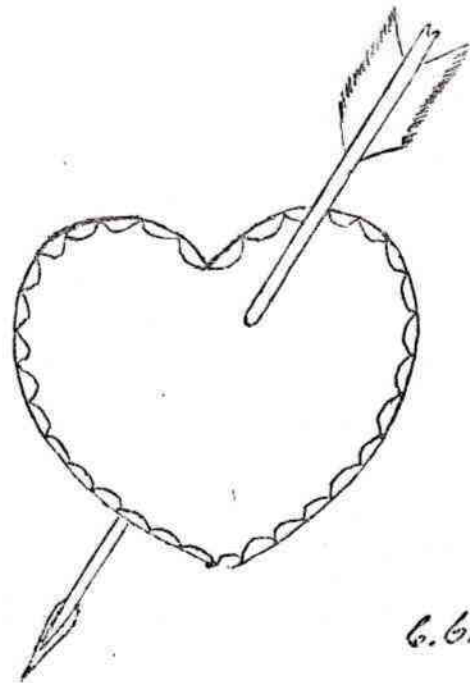

Anne Kuyper will teach 5th and 6th level. Anne used to teach ABE, Personal Development and has been school age counselor at UTETC.

Gay Robertson is the Principal of the school. She comes from Cheyenne River Reservation and her past experiences are: Worked five years for the Bureau of Indian Affairs at: Cheyenne Eagle Butte School, Eagle Butte, SD; Oglala Community School, Pine Ridge, SD; and Flandreau Indian School, Flandreau, SD.

She taught 2½ years at Minneapolis Public School with drop-outs, & was Personal Development Supervisor at UTETC.

Mrs. Robertson has a degree in Elementary Education and is working toward her Masters Degree.

KEYAPI is published monthly by the students of United Tribes Employment Training Center, 3315 South Airport Road, Bismarck, North Dakota 58501.

Items published in KEYAPI do not necessarily express the views of the editor, staff, or advisors. The staff has the right to accept or reject any articles presented for publication.

Items to be considered for publication must be received on or before the third Monday of each month. Items which are received later than the stated deadline will be considered for publication in the next month's issue.

All contributions submitted for publication become the property of KEYAPI. Items will be returned if accompanied by a stamped, self-addressed envelope.

EDITORIAL

By Cynthia Red Dog

Has everyone been enjoying the news and articles printed in the Keyapi?

Most of the articles are written by the Communication classes in Personal Development plus members of the Keyapi staff.

Items for publication which tend to degrade or embarrass an individual, organization, group, or institution will not be accepted. Items that express contradicting viewpoints and are in good taste will be considered worthy of publication.

All items cannot be published everytime Keyapi comes out as we do not have room, but we print the most important news and so forth.

Since this will be the first and last time I will write an editorial, I'd like to express my appreciation to all the staff members of UTETC that have helped my husband, my children, and I in accomplishing what we came up here to do, since we were able to get more education. I have gotten to like UTETC, and I'll miss it but I guess everyone has to leave sometimes.

I hope everyone has liked what was and is printed in Keyapi. Remember, Keyapi reflects on everyone at UTETC.

## NEWS

from the Office of Public Affairs  
Smithsonian Institution  
Washington, D.C. 20560

Telephone: (202) 381-5911

FOR IMMEDIATE RELEASE

### SMITHSONIAN INSTITUTION SEEKS NAMES FOR INDIAN BIOGRAPHICAL DICTIONARY

The Smithsonian Institution is seeking the assistance of Indian, Eskimo and Aleut people in the preparation of a biographical dictionary to accompany a new Handbook of North American Indians.

The Smithsonian is presently preparing the Handbook, which is intended to be an encyclopedic reference work of 20 volumes summarizing what is known of the cultures and history of Indians, Eskimos, and Aleuts of the whole continent from central Mexico to the Arctic Ocean. The chapters for these volumes are being written by scholars at many different institutions around the world.

A Biographic Dictionary in two volumes of 750 pages each will be included as a separate part of the encyclopedia and will be devoted to biographies of important Indians, Eskimos, and Aleuts who are no longer living. Thus far, a list of about 1600 names of candidates for biographies has been compiled. This list includes all those individuals for whom biographies were published in 1907-1910 in the first Handbook of American Indians North of Mexico, as well as numerous suggestions received in answer to a questionnaire which was distributed in 1971.

"The time has arrived to improve this list, by correcting the entries received, by adding other names to give wider coverage and better balance, and by dropping less appropriate names," notes William Merrill of the Smithsonian Center for the Study of Man. "The Smithsonian Institution urgently needs the help of Indian, Eskimo, and Aleut people for this project, because (1) the Institution does not want to publish anything important about American Indians, Eskimos, and Aleuts without their suggestions and participation, and (2) individuals should be included in the Biographical Dictionary who were known by their friends and relatives but whose names might not have appeared previously in the published record.

(Continued on Page 4)

-2-

"The participation of native people in this project is of utmost necessity if a representative and valid depiction of American Indian, Eskimo, and Aleut history is to be presented. The individuals who are finally selected for inclusion in this Biographical Dictionary will depend in large part on the suggestions which are received in response to this request."

The Biographical Dictionary and the Handbook of North American Indians, after publication in 1976, are expected to be on the shelves of libraries throughout the United States and Canada as well as in many libraries in other countries around the world. As a result, they will be available to teachers everywhere to use in instructing their classes about American Indians, Eskimos, and Aleuts.

"The publication of a work such as this takes place only once or twice in a century, so all our grandchildren more than likely will be taught from it and Indian, Eskimo, and Aleut students will refer to this work for decades to come when searching for information about their history and culture," Mr. Merrill predicts. "It would be an unfortunate situation if important men and women were excluded from this Biographical Dictionary because people failed to let the Smithsonian Institution know about them. This is an opportunity for Indian, Eskimo, and Aleut people to express their feelings about how their history should be presented and to make a valuable contribution to preserving the names of those individuals who have played an important role in the history of the United States and Canada."

In addition to the historically prominent and the already famous figures who obviously should be included, the Smithsonian is seeking an assortment of personalities including Indian, Eskimo, and Aleut people who engaged in a variety of activities (artists, warriors, craftsmen, statesmen, politicians, actors, priests, curers, writers, sportsmen, prophets, etc.); people who were infamous as well as those who were held in esteem by their tribesmen; and both men and women from as many tribes as possible -- in short, the names of anyone from the recent or distant past who is likely to be looked up in the future.

Suggested names of deceased American Indians, Eskimos, and Aleuts who might be included in this Biographical Dictionary, along with a few words explaining why they should be included, when they lived, and to what tribe they belonged, should be sent to: Biographical Dictionary, Handbook of North American Indians, Smithsonian Institution, Washington, D. C. 20560. A copy of the list of names received thus far is available and will be sent to anyone who asks for it.

Those who prefer not to write, may telephone Mr. Merrill collect at the Smithsonian Institution in Washington, D. C. The telephone number is (Area Code 202) 381-6203.

The final decisions on who is to be included, and who will write the short biographies, will be made in June. Comments and suggestions should be submitted before then so that they can be indexed and analyzed.

## LOOK OUT

By Deanna Boney

Children are playing! What can we do about icy roads? They should be sanded, but more important everyone should drive with care. Because children are playing on the roads and if a car should happen to come by, they may not stop in time for the children. And who would want to kill one or more children. I know I sure would'nt. like my children to be one of them. And I know other parents feel the same way I do. So come on everyone, let's be more careful in driving.

MEET UTETC STAFF

## BOB CARTWRIGHT

By Susan Malaterre

Mr. Cartwright, from St. John, North Dakota (Turtle Mountain area), has been employed at UTETC since March 6, 1972. He is married and has four children.

He chose to work at UTETC because he wants to work with Indian people. He says its a great place to learn a trade and there is alot of great students here. The students could also work harder, the harder they work the easier it will be to get a job. His advice to new students is to obey all center rules, and get to class on time.

His education background consists of a high school diploma and vocational trade schooling. He was hired as Supervisor for the ten vocations, but for the last eight months he has been acting education manager for ABE, Personal Development, and CDC areas. He is now leaving acting education manager and going on th acting Personnel manager.

When asked if UTETC could be improved in any way, he said it could be expanded greatly if we had the money to expand the center, and then more vocations could be offered.

Bob was asked if he had to opportunity for a better job, would he accept it? He said if it was to work with Indian people he would. He has been working with Indian people for the last fifteen years, as an instructor for the Hanson Mechanical Trade School at Fargo, ND, and at the Wahpeton Boarding School.

\* \* \*

## JAMES RAMEY

By Julie Black Moon

Mr. Ramey is a Police Science Instructor and has been here at UTETC since November, 1971. His home reservation is Standing Rock, Fort Yates, ND.

He is married, has three children, two married and one in high school. They live at 104 Fourth Northeast in Mandan, ND.

He left Standing Rock in 1943. He was in the service for 24 years, while in the service he worked as a Security Chief in Guam for 26 months, and also did 18 years of overseas duty.

Mr. Ramey feels that UTETC is a great asset for all Indian people to get an education.

\* \* \*

## LEVI MESTETH JR.

By Antoine Red Crow.

Mr. Mesteth comes from the Pine Ridge reservation, Kyle, SD. He graduated from high school in May, 1965. He attended the Northern State College in Aberdeen, SD.

He began working at UTETC, November 27, 1972, as a Dorm Counselor.

He says he likes working for UTETC as a dorm counselor mainly because it lacks any kind of an organization and requires his greatest efforts and abilities to organize the dorm into a smoothly operating part of the educating processes that go on day to day.

He says it is a challenge to reconstruct a very complicated and intricate part of the vast organization. He says he gets a good feeling knowing that his contributions in setting up and implementing rules and regulations for the dorm students to govern themselves by will not only make a better home away from home, but will also help them in doing better work in class.

\* \* \*

## PAT STUEN

By Karen Greatwalker

Pat is a Chippewa Indian from Belcourt. She is a widow and was born Oct. 3, 19---. She has been on Center since June 5, 1972, and likes it very much.

Pat taught school before coming to UTETC at Belcourt. She taught all grades and Adult Basic Education.

She likes bowling, traveling, and seeing new places. She hasn't been to the Northeast coastline, but has been to all the (See UTETC STAFF, Page 8)

STAFF, Cont'd  
(Continued from Page 7)

Southern states. She lived in Virginia, California and Montana. She is the sponsor for the Indian Club at the Penn.

She is the supervisor for the Day Care Center which is the only licensed Day Care Center in the state to care for infants. The Day Care Center is well taken care of, the children are all treated the same.

When asked if the children were punished she said only nagging nicely.

She said children were her biggest like. Her advice to students is to keep trying.

\* \* \*

BOYD VAN PATTEN

By Sharon Martin

Mr. Van Patten is 25 years old and is an instructor for Business Clerical. He has worked on Center for twenty-two months. He went to school at Bismarck Junior College for two years, then at Dickinson State College where he graduated with a B.S. in secondary education.

He lives in Mandan, ND with his wife and one spoiled pet dog. He was born in Orem, Utah, and has four brothers and one sister. His favorite hobby is any outdoor sports.

His opinion of the students on center is that most of the students are taking advantage of the opportunity to better their education, and he hoped everyone achieves what he or she is trying to reach.

When asked if the Center could be improved, he answered, "Yess, it could be, but every place needs improvement in some matter." He went on to say that he would like to see more vocations being offered, and more students take part in the areas where they are being trained.

He likes working with Indian students. He says they are here for an education, and he's here to help them get it.

SLACK OR STOP

By David Hopkins, Jr.

There are many stories, articles and also opinions written on the problems of alcohol. Many recommendations and solutions are given, but how many actually succeed? Very few, if any. As long as alcohol is pushed across the counter, we shall have this problem.

When I first arrived on this Center, I was well aware that there was alcohol "going around." I had heard stories of this Center back at my own reservation and let me say here that this did not have any effect on me, because I had visited other schools like this, and the stories can get far fetched.

I'm sure that at one time or another we all have had some contact with alcohol either past or present. We all realize that nobody is perfect, but that doesn't mean we have to go overboard on drinking. I drank some years before and came to realize one day that I was getting nowhere, just steadily going downhill. To quote a poet, (forgot his name) "To achieve harmony through liquor is to perform a minor miracle."

The seriousness of this problem here on the Center is not that great that it can't be solved or slowed down. Understanding this problem of alcohol and possible solutions on Center lies with the students. He or she is the one that can stop or slow down this drinking.

I have had many discussions with fellow students and have gotten recommendations and possible solutions to this problem. It's here and must be dealt with, there is no doubt.

The following are a few statements I have gotten from students to stop the problem of drinking:

"Don't be ashamed to admit it if you are an alcoholic, get help in order to understand the problem and then beating it."

"Don't keep it on a shelf, bring it out in the open."

"Willpower absolutely plays a part."

"Develop new interests, when you say there is nothing else to do. That doesn't mean drinking is the only thing to do."

"If a student is going to continue drinking here on the Center, what's the sense in his going to school."

This problem can be discussed again and again, but I don't believe it will be solved for some time. We can name excuses, but if we want to stop, we can stop or slack off.

CHRISTMAS BASKETS

By Cindy Red Dog

Baskets of food containing the following items: 1 ham, pie & cake mix, starch, brown sugar, canned goods, juice, milk, fruit, and nuts were delivered to the families at the Community Family Services and Center homes on December 21, 1973.

The baskets were purchased for the families by the Student Government and UTETC, as Christmas gifts. The single students received cologne from the Student Government.

We enjoyed our basket very much; hope everyone else did, and I'd like to express my thanks to the Student Government.

\* \* \*

MY THANKS

By Helen S. Rice

(Submitted by Violet Brave Heart)

People every where in life from every  
walk and station,  
From every Town and City and every State  
and Nation,  
Have given me so many things intangible  
and dear.  
I couldn't begin to count them all or even  
make them clear.  
I only know I owe so much to people  
every where.  
And when I put my thoughts in versé it's  
just a way to share,  
The meditation of a thankful heart, a heart  
much like your own.  
For nothing that I think or write is mine  
and mine alone.  
So if you found some beauty in any word  
or line,  
It's your soul's reflection in closeness  
with mine.

SPORTS AND RECREATION

By LaVern Golus

We haven't had an article for Sports and Recreation since October. From that time United Tribes has entered basketball tournaments in North and South Dakota.

During our Thanksgiving Holidays in November, we entered a tournament at Fort Totten and won the tournament by defeating Fort Totten 126-96, Brockton 116-109, and Delcourt 114-101. We also won 14 other individual trophies.

On the 17th and 18th of December, we entered the White Shield Tournament at White Shield, North Dakota. We won by defeating Minot State Indian Club 160-81, White Shield 150-58, and Stanley in an overtime by a score of 98-97.

On December 27th and 28th, we entered the Pine Ridge Tournament and won by defeating Manderson, Rapid City and Pine Ridge. We haven't had too many activities since the students went home for Christmas and New Year's vacation.

On the 20th and 21st of January, we entered the tournament in Fort Thompson, South Dakota. We won by defeating Fort Thompson, (first game) another team, and Pierre for the championship. All our trophies

can be seen in the main office at United Tribes Training Center. Other teams we played were: The Highway Men (we won, 71-61), 1st Federal (we won, 78-76), A and B (we won, 94-71), and Cannonball (we won, 99-82).

On January 20th, some of the students and staff went to see the Johnny Cash show at the Civic Center in Bismarck.

The movie we had last week-end was "Born Losers." We also had bingo this week-end and two week-ends ago. Nobody won the black-out game as of yet. Our Coffee House is now open. We use this for card parties and for entertainment whenever we can get a group to come in and play for us. The girls have started a basketball team. They haven't won any games yet, but they're hanging in there, giving it all that they have.

We also had tubing in the evenings. This is when we ride tire tubes down hills. We also have leather crafts open, and the students can make their own leather works. We hope to have ceramics open soon. The students will be able to make their own pottery.

Next month we hope to have a band come up from Pierre to play for our Valentine Dance. We also hope to have all other recreational activities going.

\* \* \* \* \*

The UTETC RODEO CLUB

By Ron Poitra

The UTETC rodeo Club was formed in January, 1973 in the primary interest of students and staff, who are interested in horses and rodeos.

There are many students who are interested in riding in rodeos. This club will give them the opportunity to do so.

Starting this spring, and throughout the summer months, there will be many rodeos that the Rodeo Club will be attending. So if you are interested in joining our club, you will be included in the many trips we will be making to different rodeos throughout the area.

The UTETC Rodeo Club holds its meetings

every other week. Posters will be posted for the exact date and time. We also hope to have more films shown at these meetings.

Vests with UTETC Rodeo Club and emblem will be made for each member. The Rodeo Club colors are red, white, and green.

An initiation fee of \$2.00 is asked from each student joining. Thereafter the UTETC Rodeo Club dues for each member will be \$1.00 every 2 weeks, or \$2.00 for the entire month.

For more information on the Rodeo Club, contact Joe Molash, president. Dues will be paid to our secretary-treasurer, Roberta Shelltrack and you will be given a receipt. Students, who are interested, are encouraged to join. Your membership will help promote our club.
