GRIEF, PAIN AND GRATITUDE!

By BJ

There are time in life that individuals experience deep emotional and/or physical grief and pain.

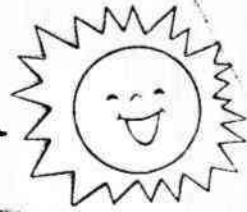

In Ecclesiastes 3, we read ". . . a time to be born, a time to die; . . . a time to weep, and a time to laugh; a time to mourn, and a time to dance."

I thank the Business Clerical trainees for the sympathy card on which was printed a quote from Abraham Lincoln. This quote expresses my feelings and I hope it will help others who have had or will have experienced pain on sorrow.

"In this sad world of ours,
Sorrow comes to all...
It comes with bitterest agony...
Perfect relief is not possible.
Except with time.
You cannot now realize
That you will ever feel better...
And yet this is a mistake.
You are sure to be happy again.
To know this
Which is certainly true.
Will make you
Some less miserable now.
I have had experience enough
To know what I say."

A. Lincoln

We cannot despair for God does care!

Have a 

Good Day!

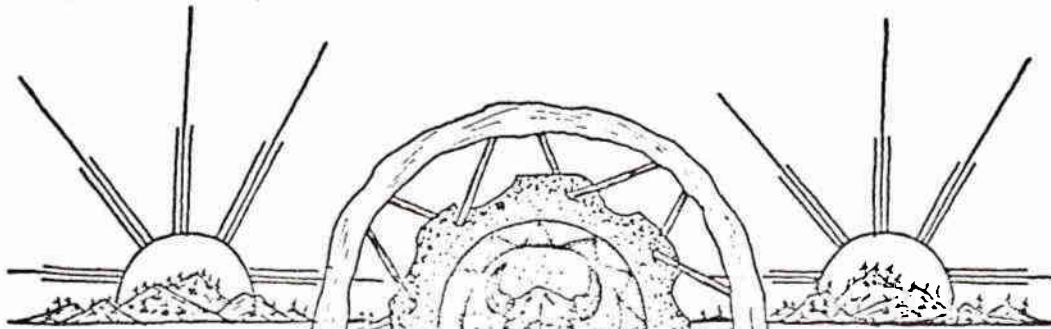

If you can give your son only one gift, let it be enthusiasm. —Bruce Barton

Happiness adds and multiplies when we divide it with others.

AND SEE WHAT LIFE WE WILL
MAKE FOR OUR CHILDREN....."*

THE MAN IN THE GLASS
(Unknown)

When you get what you want in your struggle for self
and the world makes you king for a day,
Just go to the mirror and look at yourself
and see what the man has to say.
For it isn't your father nor mother or wife
Who judgement upon you must pass,
The fellow who's verdict counts most in your life
is the one staring back from the glass.
You may be like Jack Horner and chisel a plum
and think you're a wonderful guy,
But the man in the glass says you're only a bum
If you can't look him straight in the eye.
He's the fellow to please...never mind all the rest
And you've passed your most difficult and dangerous test
If the man in the glass is your friend.
You may fool the whole world down the pathway of years
And get pats on the back as you pass,
But your final reward will be heartaches and tears
If you've cheated the man in the glass.

2. Interpretation of Reading Materials in Social Studies.
3. Interpretation of Reading Materials in the Natural Sciences.
4. Interpretation of Litrary Materials.

DREAMS FOR TUESDAY AND WEDNESDAY

By Virginia Free

Oh to be through with my GED
Four months is just too long.
And when I go down to see,
I hope nothing will go wrong.

I'll take my tests and take my time
I'll try my very best.
I'll rack my brain and search my mind,
And I'll make it, like the rest.

I'll pass my Math and say to Sandy,
You said I could, and so I did.
And the things you taught came in handy
And I thank you for what you said.

And for my Reading there was Bonny.
Her work was sorta hard.
She did her best and it wasn't funny
And I passed it by a yard.

In Language Arts stood little Debbie
Who had a great sense of humor
I breezed right thru like passing a city.
I made it, I passed, so spread the rumor.

THE WOMEN'S BASKETBALL TEAM IN CANADA

By Patches (Vicenti) Crow and Alberta Takes Enemy

The Women's Basketball Team from UTETC traveled to Stand Off, Alberta, Canada for a five-day tournament on the Blood Reserve (reservation.)

We left Wednesday afternoon, January 29, and traveled as far as Glasgow, Montana, where we stayed for the night.

We took off the next day from Glasgow and reached Alberta, Canada where we toured around through a construction company and their mall which consisted of a coffee shop, post office and other various departments. We also toured through their ice arena where they hold their hockey games and other winter sports.

We stayed at St. Mary's Catholic School where other Basketball teams (both men and women) from different states were also staying.

The girls who participated in the tournament were Lou Vigil, Patches (Vicenti) Crow, Alberta Takes Enemy, Sue Thostenson, (alias Nancy F), Leslie Big Eagle, Betty Davis, Mavis Ramsey, Sandra Ramsey and Gorgie.

Both mens and women's games were played by International rules. In International rules, there are no quarters, just 16 minute halves for the women and 20 minute halves for the men. No time-outs can be called by the players in the game. Coaches are the only people allowed to call time-outs, and only if his team has the ball. We really didn't understand all the rules until the last game.

We won our first game against Brandon, Manitoba, on Friday, January 31 at 4:00 pm. On February 2, we played our second game against Fort Hall, Idaho (Roadrunners). The winner would play for championship. We were ahead all the way through the game. Our championship game was played Sunday the same day at 6:00 pm, with British Columbia.

Sue Thostenson (alias Nancy F) received an All Star Trophy. For some reason or another, we did not receive a second place trophy, but there was a 1st and 3rd place trophy, both taken by Canadian teams.

UTETC hosting cagers

UTETC will host the second annual All-Indian National Basketball Championships at the Mary College Arena April 9-12, it has been announced.

Also scheduled here for Feb. 23-Mar.1 is the try-out camp for the All-Star team which will represent Indian country at the National Amateur Athletic Union Tournament in Louisiana March 23.

"We're looking to see some outstanding athletes here for these meets," said Dick Bad Mocassin, coordinator for the meets.

The championships, and the tryout camp, are both sponsored and promoted by the National Indian Activities Association (NIAA), a two-year-old organization devoted to sports promotion for Indian men and women.

NIAA's beliefs are that sports activities are a means of eliminating social problems before they arise, as well as assisting youth and adults with physical and educational problems, according to Bad Mocassin.

"In this way we can provide exemplary models of the pride and self-confidence that needs to be kept alive in our people," he said.

Sixteen Indian men's teams from across the United States and Canada will be competing in the four day championships.

Two teams will be sent from each of eight regions in the nation. Each state will hold playoff tournaments to decide who goes to the regions.

By conservative estimate, Bad Mocassin said, some 500 Indians teams will be participating on all the various levels.

United Tribes successfully outbid all other organizations to host the tourney.

Last year, Haskell Indian Junior College of Lawrence, Kansas, won the championships, which were held at Albuquerque, N.M.

INDIANS GO "STRING" CRAZY!

By G. Spider

Not only do Red Skins create bead work but some of them have learned to crochet too. Verna Tiokasin, a Food Service Instructor, has been teaching this class since November, 1974, which is held in Building 71, Monday and Wednesday evenings from 7:00 to 9:30. Verna teaches the basic crocheting stitches and as one progresses one will also learn to read and follow instructions, which gets kinda tricky. These people have been involved in this class:

Zelda Ground	Diana Surface
Katherine Felix	Donna Seiler
Corrine Felix	Julia Rambo
Catherine Routzen	Laura Tiokasin
Genevieve Spider	Diane Riveland
Leona Small	Bev Bad Moccasin

We are encouraging anyone who is interested, creative and likes working with her hands to come, including guys. Would you believe the former NFL football player, Rosey Greer, crochets too?

Crocheting relaxes a person; and besides feeling the satisfaction of completing a project, an individual can also make money by selling some of her work. We just got in new supplies of yarn so get busy now! Articles, such as pillows and ponchos, made in this class are to be sold at the up-coming Spring Bazaar which will be announced later.

Why, things are happening so fast that some school kids are having to take remedial current events.

ALCOHOLIC ANONYMOUS

By J. Little Bear

AA is a fellowship of men and women who share their experiences to help each other solve their common problem -- alcoholism. The group has had remarkable success in its work.

The fellowship of Alcoholics Anonymous was founded in 1935. It has more than 400,000 members in more than 14,000 local groups in US and abroad. The fellowship is based on a spiritual experience and dependence of each member on God as the member understands Him. It is not directly connected with any religious body.

Alcoholism is a disease in which the drinking of alcohol becomes a compulsion. It produces characteristic symptoms in individuals. A form of alcoholism is called "dipsomania" which comes from a Greek word meaning "thirst madness." Dipsomaniacs are bothered at times, rather than constantly, with a compulsion to drink. These people may be called periodical drinkers. An estimated four and a half million Americans are afflicted with this disease. It is a major health problem in the US today. Five out of every six alcoholics are men between 30 and 50 years of age.

Scientific studies indicate that many people drink alcoholic beverages to escape from tensions, frustrations and anxieties. Alcoholism is a complex chronic psychological disease that is difficult to treat. Often the chronic drinker exhibits delirium tremens (d.t.'s), a disturbance that is frequently fatal. Another condition is Korsadoff's psychosis or syndrome. As brain deterioration continues, the chronic alcoholic may develop many different kinds of mental illnesses and organic diseases. For example, alcohol irritates liver tissues, often making it more susceptible to cirrhosis.

There is no cure for Alcoholism but it can be arrested. There are Treatment Centers located in Jamestown, Ft. Yates and Mandan for the severe cases of Alcoholism. Otherwise, if you think or you may know that you have a drinking problem which can get worse, you are welcome to come to the AA Center at Building 61, Tuesday evenings at 8:00.
