Placement office welcomes all students

The United Tribes Technical College (UTTC) Placement Office takes pleasure in welcoming all new and returning students.

The purpose of our placement office is to help students plan their careers; keep records, do Career development with Cooperative Education Students and students who will be graduating in the fall and spring.. We provide career development resources, and help students inquire about various opportunities.

The Place Office is located on the main floor of the Education Building 31 and 32. On the main floor you will find the placement offices in rooms 120 and 122. Shirley Iron Road is in room 120 and at extension 226 and I am in room 122 at extension 280.

In the entryway of the Education Building's east wing you will find the Bismarck Tribune's "Employment Marketplace Flyer". It has it's own self contained rack listing states and local job announcements. In the adjacent room to the west you will find job announcements in colored binders sitting on a shelf. They are received by mail and posted in the location just described for your review. These job announcements are from both the Public and Private Sectors (National and Local) in the areas of,

Indian Programs, Indian Gaming, Federal Programs, North and South Dakota Job Services, and the alike. They are updated weekly and pertain only to United Tribe's Vocations. If there is interest in the remaining job announcements after sorting, they are stored in our offices for a substantial amount of time.

In the west wing there is a rack containing higher education material along with journals, magazines and newspapers on career planning. We have about three bulletin boards in these areas. Two are placement bulletin boards that are used for local job announcements, national job announcements, internships, apprenticeships, fellowships and the like. Sometimes job announcements are posted in their corresponding areas. We have "Career Choices" on our computers (room 122), and on the Academic Services Center Computers in (room 119). This software is Internet accessible and helps our vocational students do Career exploration for opportunities throughout the nation. This program is upgraded once a year adding new features, graphics and options for our students. If you are using the computers in the Academic Services Center look for the little gold

square icons label Choices CT, Choices CT Road Map and System Manager. You should find a guided tour once you are in the program. This will direct you on how to operate the program. If you are going to use this program in the placement office please make an appointment.

Placement news and job announcements will be provided in UTTC's Weekly Newsletter at least once a month.

Late coming students who were not at my orientation presentation are required to come into the placement office to fill out data base forms, Cooperative Education Enrollment forms and to receive placement information essential to your future.

Remember that you need to work experience before you graduate to make your diploma more valuable. **COOPERATIVE EDUCATION** is a program designed to get the college student out into the work force before they graduate. Students who have work experience added to their degree will be hired by employers over students who do not. A certificate and/or associate degree aren't enough. Placement office welcomes all student at extensions 280 and 226. Mid term comes fast; act now.

Your future is important to us.

EVENT: FACES OF AMERICA, performed by Bernadette Balagtas, written and directed by Colin Cox.

PLACE: BELLE MEHUS AUDITORIUM

CONTACT: Kay Kamik; Gayle Grenz
Casey Family Programs
222-8193

SPONSORS: Casey Family Programs

DATE: February 2, 2001

TIME: 7:00 PM

Casey Family Programs is proud to announce "Faces of America", a one-person show starring Bernadette Balagtas, written and directed by Colin Cox and DEDICATED TO SHATTERING STEREOTYPES OF RACE AND GENDER.

"Faces of America" addresses the questions of multiculturalism in today's society through the eyes of Generation X. The play presents eight characters all based on true stories researched through workshops and interviews with high school and college age populations. The eight characters depicted each represent a different cultural aspect of American Society: African, Asian, Mexican-American, Native American Indian, East Indian, European, Happt(mixed blood) and an "All in One Generation X-er."

First produced at the Los Angeles Theatre Center in California in March of 1995, "Faces" has since embarked on a national tour of colleges and universities including the University of Southern California, Pepperdine University, Cornell University, Colgate University, Penn State University, as well as community colleges and private schools across the country. Featured as a Los Angeles Times "Best Bet", "Faces of America" enjoyed playing to a full house, standing ovation for the United Nations at a special performance for the 51st Annual United Nations Day.

We all have a story to tell...

North Dakota facts for 1999...

...a reportable crash occurred every 36.4 minutes...

...one person was injured every 1.8 hours in a motor vehicle collision...

...One person was killed every 3.1 days in a motor vehicle collision,,,

...56% of all vehicles involved in crashes were passenger cars...

“I will be right back”

By Penny St. Clair

These are the words said too often by parents who leave their children unattended in a vehicle. Such an incident resulted in the death of one infant and burned over 80% of another.

The babies were strapped in their car seats and the mother only left her vehicle for a short time and at the time of the fire she was standing only a few feet away.

The car was running. It was very hot outside. The vehicle caught fire and by the time the children, ages one and two, were saved from the blaze, over 80% of their bodies were burned

This was a horrible incident that could have been prevented. A vehicle can be a deadly weapon. So the next time you say “I will be right back, “ hopefully it won't be the last words your child hears.
