January 29, 2001

### UTTC students chosen for talent search

*by Katie Beheler, Student, Small Business Management*

The University of Mary has a program called "Talent Search." This program does not look for people to perform like in a show, but to speak to the youth that are in school and are thinking about their future.

The University of Mary had a representative, Joe Sullivan, who came to United Tribes and chose two UTTC students to speak to the sixth, seventh, and eighth grade students of Theodore Jamerson Elementary School.

The purpose of the talent search is to speak to the students on the importance of education.

The two students chosen were: Emmett Redday and Katie Beheler both of the Small Business Management vocation. Emmett and Katie spoke to the students about their lives as children attending elementary school to present college life. They also spoke about the types of jobs they had before entering college. They also shared how they came to be a part of United Tribes and what they're plans are after completing college.

# PARENT EMPOWERMENT

Counseling  
Department

Noon to 1:00 pm  
Education Building

## JANUARY

- 23rd Frost Bite - *Charmelle Fuchs*  
30th Talking with Children About Alcohol - *Barb Danks*

Quote  
For  
the Day

"I loathe the expression, 'What makes him tick' ... A person not only ticks, he also chimes and strikes the hour, falls and breaks and has to be put together again, and sometimes stops like an electric clock in a thunderstorm."

— James Thurber

## DENNIS LUCIER'S ~ UTTC DINER ~ WEEKLY MENU

(Each meal served includes 2% or Skim  
Milk, Coffee or Tea and Salad Bar or

Thought  
For The Day

What is a "FREE GIFT?"  
Aren't all gifts free!

# NCA self-study count down:

by Sister Katheryn Zimmer

The North Central Association visit on UTTC campus will occur on April 23, 2001 through April 25, 2001. This is a three-day visit with a four-member visiting team.

Mark your calendar! The team members approach different groups: Administration, Faculty staff and students. Be prepared to meet them.

## Intramural Basketball

*Intramural Basketball on Tuesdays. Royce Irwin playing defense against these men. Former Student Percy Lussier hanging in there.*

## Recreation Department **SMOKE SIGNALS**

The Recreation Department has started their second half of the Intramural leagues. The leagues consist of 6 teams. The team names are Sitting Bull Hall, Ft. Yates, Blazers, Old School, All Nations and Schockers. The students as well as men from the surrounding areas. These games that are played are very interesting and fun to watch. They usually draw a pretty good crowd of spectators. There is a total of 3 games played and each team plays once during that evening. The games are played on Tuesdays so come on out and join in the fun. They start at 6:30 p.m. and the last game starts at 8:30 p.m.

**Judging on This Year's Art for the 2001 Powwow Poster will be held in the Cafeteria THIS THURSDAY from 12:00 noon to 1:00 pm.**

**WE HAVE SOME "BEAUTIFUL" ENTRIES THIS YEAR - PLEASE BE THERE TO CAST YOUR VOTE!**

# T-BIRD UPDATE

*John Lincoln looking or the ball against Dawson Community College.*

## T-Birds -vs- Dawson

• FRIDAY, JAN. 12TH

On Friday, January 12th the United Tribes Thunderbirds were host to the game against Dawson Community College. The Thunderbirds defeated Dawson by a score of 92-84. The leading scorer was Joe "Earl" Knows Gun with 19 pts. Anthony Quick Bear scored 17 pts., DJ Two Bears and Mel Four Bears scored 15 pts. each. Joe Howe had a total of 14 pts. with Brian "Buck" LaRoche scoring 10 pts. The game was an exciting one and there were a lot of fans.

*John Lincoln taking a shot at the game against Jamestown Jimmies.*

## T-Birds -vs- Jamestown

• SUNDAY, JAN. 14TH

The United Tribes Thunderbirds flew past the Jamestown Jimmies on Sunday, January 14th with a score of 89-56. DJ Two Bears led the Thunderbirds in scoring with 17 pts. He was closely followed by Joe "Earl" Knows Gun with 15 pts. Mel Four Bears, Joe Howe and Anthony Quick Bear kept up with each other by scoring 14 pts. each. The games was well played and their defense was well organized.

*Frankie Hawk Eagle shooting for a free-throw against Trinity Bible College.*

## Lady T-Birds -vs- Trinity Bible

• TUESDAY, JAN. 16TH

The Lady T-Birds played Trinity Bible College on Tuesday, January 16th. There were many fans at the game and the girls played very good basketball. The leading scorer for the games was Frankie Hawk Eagle with 20 pts., Kelli Quick Bear with 17 pts., and Lori Finley with 13 pts.

---

# GO THUNDERBIRDS GO!

# Native technologies, inc.

My name is Joe Abbate, Chief Executive Officer of Native technologies, inc. (NTI), with offices in Pembroke, North Carolina, and in Herndon, Virginia. As an American Indian-owned, SBA 8 (a) certified, Information technology firm, NTI is a subcontractor assisting with the design, development, training and implementation of the U.S. Bureau of Indian Affairs' Trust Assets and Accounting Management Systems (TAAMS). NTI is also actively recruiting qualified American Indian candidates for job openings in the TAAMS project. Working on this complex and challenging nationwide project provides for an opportunity to gain valuable "state of the art" information technology experience, earn competitive compensation, and provide a useful solution to a critical problem in Indian country.

NTI (in partnership with the TAAMS prime contractor, Applied Terravision Systems, Inc.,) is currently seeking skilled and qualified American Indian candidates for high tech positions to assist with the TAAMS project. The current TAAMS product is written in VisualAge Smalltalk.

Current jobs available include:

- 1) Smalltalk/Java Object Software Developers
- 2) RPG IV or ILE Software Developers.
- 3) TAAMS Help Desk Positions

Candidates must be self-starters, who work well in a team environment and are able to work with a multi-discipline group. Competitive salary and benefits packages are offered for these positions. The Help Desk position provides for an apprenticeship opportunity for qualified candidates.

If you wish to be considered for other high tech positions, please forward your resume and references to the following address:

Native Technologies, Inc.  
12747 Kinship Drive  
Herndon, VA 20171  
Attn: Joe Abbate

You may also contact me via email at the following address: [jabbate@nativetech.net](mailto:jabbate@nativetech.net) or contact me by phone at (703) 626-6385

Vote for Your Favorite UTTC Student for King and Queen:

King: \_\_\_\_\_

Queen: \_\_\_\_\_

The crowning will be February 14, at Noon Hour, UTTC Cafeteria

# CHEMICAL HEALTH CENTER

## FIVE CLASSES OF CONTROLLED DANGEROUS DRUGS

- I **Narcotics** are drugs derived from opium and synthetic substitutes. Narcotics produce a state of euphoria in the user and are dangerous because they are extremely addictive physically and psychologically. Examples of narcotics are heroin, codeine, and paragoric.
- II **Depressants** slow down or depress the central nervous system and are prescribed as sedatives, tranquilizers, and barbiturates to combat insomnia, calm jittery nerves, or relieve anxiety. Alcohol is a depressant drug.
- III **Stimulants**, often called “uppers,” are taken to relieve fatigue, increase alertness, or depress appetite. Examples of stimulants are cocaine and crack, caffeine, nicotine, and amphetamines. Synthetic amphetamines are known as “designer drugs.”
- IV **Hallucinogens** are natural and synthetic substances that distort perception, and produce disoriented or enhanced sensory experiences of color, sound, and motion. Examples are LSD, PCP (“angel dust”), mescaline, and certain mushrooms.
- V **Cannabis**, or marijuana, is the most frequently used and abused illegal drug. Hashish and hashish oil are other forms of cannabis. Marijuana, was once thought relatively harmless but is now recognized as a dangerous “gateway drug” that opens the door to use of other mood-altering chemicals.

## WHY STUDENTS USE DRUGS

- I **Experimental use:** Students may begin experimenting with illegal drugs or alcohol to see what it feels like and be “one of the crowd,” to break away from their parents, try new experiences, and to find their own identity. Friends become important influences. Studies show that peer pressure is the most frequent cause of a young person’s initial decision to try drugs.
- II **Regular Use:** If use of a drug makes a young person feel good, he may want to have that feeling again and often. If he keeps trying the drug, a new sense of normalcy may be established. As drug use becomes habitual, the young person may be progressively unable to deal with normal daily problems. At this point, drug use becomes a way to control moods or ward off depression.

# Strong in Body and Spirit Classes

Strong in Body and Spirit diabetes education classes are now being offered by the United Tribes Extension and Diabetes Education Center.

**FOR:** UTTC students, faculty, and staff with diabetes

**LOCATION:** Russell Hawkins building

**CLASS SIZE:** Limited to the first 10 people

**FOR MORE INFORMATION:** Kim Hinnenkamp at Ext. 397 or Suzanne Cadotte at Ext. 286 to enroll.

# We all have a story to tell...

## North Dakota facts for 1999...

...Burleigh County had seven fatal crashes, which killed seven persons ...

...State wide, there were 92 fatal crashes which killed 119 persons...

...In the past ten years, the national rate of traffic fatalities has decreased (from 2.16 to 1.50 per 100 million) while the North Dakota rate of traffic fatalities has **increased** (from 1.37 to 1.64 per 100 million).

## My Friend

By D.J. Two Bears

I once had a friend who made a choice that took his life.

It was weekend, and he decided to go out and have a good time. The good time ended in a fatal crash.

He decided to drink. He drank a few too many. Then he and a friend decided to go to a party that was in a town thirty miles away. He thought he was sober enough to drive. He got behind the wheel and started driving. He did make it to town safely, and went to the party. After the party, they were on the way home and traveling at a high rate of speed. My friend realized too late that he missed a turn, and tried to make it anyway. The car rolled in the ditch.

His friend (the passenger) lived, but my friend died.

A lot of my friends learned a valuable lesson that day – they all quit drinking and driving. It shouldn't take someone's life to realize this.

# MINORITY ACCESS, INC.

## STUDENT INTERNSHIP PROGRAM

### WHAT IS THE MINORITY ACCESS INTERNSHIP PROGRAM?

**M**inority Access Internship Program provides students with the opportunity to merge academic theory with practical application in the work place through full time and part time internships. The program allows talented college students to experience the full scope and diversity of career opportunities available in the management, professional and technical domains of participating entities.

### HOW IS THIS INTERNSHIP PROGRAM DIFFERENT FROM OTHER INTERNSHIP PROGRAMS?

**M**inority Access Internship Program is a well-designed program that offers students far more than the opportunity to gain meaningful work experience in professional environments. As a Minority Access intern, you will receive:

**O**RIENTATION. All interns are required to attend a one-day orientation session held in the Washington, D.C. area prior to beginning the internship.

**R**ECOGNITION. Upon completion of the internship program, interns receive special recognition.

**T**RAINING. Interns have the opportunity to attend special seminars and workshops to enhance their professional and personal development.

**C**OUNSELING. A team of professionals, most with experience in postsecondary administration and/or employment counseling and placement, is available at all times to offer guidance and lend assistance to the interns.

**A**cademic Credit. Students may receive academic credit for full time internships. Students should check with the appropriate office on their campuses to obtain eligibility requirements.

APPLICATIONS IN PLACEMENT OFFICE.

### WHO CAN APPLY?

Applications are accepted from full time undergraduate and graduate students with a minimum 3.0 GPA. Students must be U.S. citizens for most positions.

### HOW ARE INTERNS SELECTED?

Interns are selected by the participating agencies. Minority Access, Inc. does not select the interns.

### ARE INTERNSHIPS PAID?

All internships are paid positions. Minority Access, Inc. provides bi-weekly stipend payments, round trip travel expenses and assistance in locating housing.

### WHERE ARE INTERNS PLACED?

Minority Access, Inc. places college students in internships with the **Federal Government and other entities**. Minority Access has placed more than half of its interns in the Washington, D.C. Metropolitan Area. Many agencies, however, have required placement of interns at sites in Arizona, California, Colorado, Florida, Illinois, Massachusetts, Nebraska, Nevada, New Mexico, Oklahoma, Pennsylvania, Texas, Utah and other locations throughout the United States.

**DO YOU  
WANT AN  
INTERNSHIP**

### HOW DO I GET MORE INFORMATION?

Check with your Career Placement or Internship Office on your campus or contact the Internship Program Coordinator at 301-779-7100 or visit our website at [www.minorityaccess.org](http://www.minorityaccess.org). Applications may also be available in your department or the honors program.

### WHAT IS MINORITY ACCESS?

Minority Access, Inc. is a 501(c)3 non-profit educational organization which supports individuals, institutions, Federal agencies and corporations of all kinds to diversify their campuses and work sites by improving the recruitment, retention and enhancement of minorities. Minority Access, Inc. is an equal opportunity employer.
