

## United Tribes Technical College Staff (6,086)

United Tribes Technical College (UTTC) would not have made 50-years of service without the people who served as staff or faculty. UTTC is fortunate to have had so many dedicated and caring employees. More than 6,000 are represented on this list. Some employees were with the organization for many, many years; others only briefly. Regardless, if they worked at United Tribes Employment Training Center, United Tribes Educational Technical Center, or United Tribes Technical College, all contributed to the progress, success, and longevity of the College. UTTC is grateful for having shared a journey with these individuals as part of the campus community. Thank you all.

The employment of some individuals may not have been reflected in college records used to assemble this list, and there may be errors in the names listed. The UTTC 50<sup>th</sup> Anniversary Subcommittee invites you to submit additions or corrections to help us accurately reflect the service of all United Tribes employees.
